Federal Functional Classification Changes

Alex Rickard, MPO Staff

In February 2025, CAMPO was informed by NCDOT of a statewide effort to review and update the Federal Functional Classification System. CAMPO staff participated in NCDOT-led training sessions and then conducted a review of the CAMPO region including the recently expanded areas of Harnett and Chatham Counties. Staff have documented proposed changes and are providing those recommendations to CAMPO members and the public to review and comment on here:

These proposed changes will be presented to the Executive Board at their August 20, 2025, meeting for their information and, following a 30-day public comment period, the Board will be asked to approve the changes for submittal to NCDOT at their September 17, 2025, Board meeting.

Requested Action: Receive as information.
