5310 Enhanced Mobility of Seniors & Individuals w/ Disabilities – Program Management Plan Update	30	Public Comment: Aug. 21 – Sep. 20 Public Hearing: Sep. 20
2020 Urbanized Area and MPO Boundary Update	30	Public Comment: Aug. 16-Sep. 20 Public Hearing: Sep. 20
xecutive Board Action in OCTOBER		
Prioritization (SPOT) 7.0 Modal Candidate Project Lists	30	Public Comment: Aug. 21 – Sep. 20 Public Hearing: Sep. 20
FY 2024 Unified Planning Work Program (UPWP) – Amendment #1	30	Public Comment: Aug. 21 – Sep. 20 Public Hearing: None

<u>CAMPO Projects – Public Engagement Updates</u>

U.S. 401 Corridor Study:

https://www.US401CorridorStudy.com

The third round of public engagement ended on December 16, 2022. A public engagement summary report has been developed and will be posted online with the next round of engagement.

Recommendations for improvements along the existing U.S. 401 Corridor, and the preferred alignment for the Future U.S. 401 have been developed and reviewed by both the Technical and Stakeholder Oversight Teams for the Study. Public engagement to gain feedback on the recommendations is currently being planned, materials are being drafted, and, following review by the CTT and SOT, activities are anticipated to begin in September/October.

Southeast Area Study Update (SEAS)

https://seareastudyupdate.com/

The Southeast Area Study project team has completed most of the technical analysis, and following review by the CTT, a set of draft recommendations for policy priorities and improvement projects have been developed. Phase 2 community engagement on the draft recommendations occurred from mid-June to mid-July and included a public meeting, tabling at several local events and community gathering places, and an interactive map of projects. The study team is working to synthesize the public feedback, and will consider the results when updating the recommendations for the final report. In the next few months, that report will be shared through a third and final phase of community engagement to conclude the approximately 18-month long study. Ultimately, the Executive Board will consider "endorsing" the study for use in future transportation planning efforts, including the development of the 2055 MTP.

Regional Partner Projects - Public Engagement Updates

Greater Triangle Commuter Rail Feasibility Study (GoTriangle = Lead Sponsor) https://www.readyforrailnc.com/

The public comment period for the Feasibility Study report concluded in February and a summary was presented at the Joint CAMPO and DCHC MPO Boards meeting on March 29th. Each MPO has a Rail Subcommittee working to identify next steps for the project that decision making organizations can take action on.

Bus Rapid Transit (Raleigh = Lead Sponsor

https://raleighnc.gov/bus-rapid-transit

In the Fall of 2023, the Raleigh Project Team for the Wake BRT lines will be conducting a large phase of public engagement. It will focus on gaining input related to the Northern BRT line, while sharing an update with the community on the Western, Southern, and New Bern BRT lines progress. Additional details will follow in September.

Public Engagement Planning (CAMPO

CAMPO staff are actively engaged with public and stakeholder engagement planning for the following projects/studies. This is in addition to typical technical analysis, reviews, and engagement as key stakeholders for member organization projects (i.e. SPOT process, STIP/TIP project development, local Comprehensive Transportation Plans, LAPP investments, and transportation studies).

Engagement Anticipated for Summer (July – September 2023)

- o SEAS Update final recommendations
- o US 401 Corridor Study proposed recommendations
- Transit Riders Onboard Surveys
- Wake BRT Transit Projects and Studies ongoing

Engagement Anticipated for Fall 2023 (October-December)

- o SEAS Update final recommendations
- US 401 Corridor Study proposed recommendations
- Bike/Ped Element for MTP Update
- Locally Coordinated Human Services Transit Plan Update
- o Regional Multi-Modal Safety Plan
- NW Harnett County Transit Study
- o Wake BRT Transit Projects and Studies ongoing

Other Studies/Projects that may have community engagement/outreach in 2024:

- Triangle Bikeway NEPA/Design Management
- o Wake Transit Plan Update
- Morrisville Parkway Access Management Study
- o Fayetteville-Raleigh Passenger Rail Study, Phase II
- o Non-Motorized Volume Data Program
- Mobility Management Committees & Program Implementation
- Safe Routes to Schools Road Safety Audits
- o Wake BRT Transit Projects and Studies ongoing

General Communications:

CAMPO continues to be active on <u>Facebook</u>, <u>Twitter</u>, <u>Instagram</u>, and <u>LinkedIn</u>. In addition, a quarterly email newsletter is sent to the MPO's general email distribution list consisting of over 1,600 people.

IAP2 Spectrum of Public Participation

IAP2's Spectrum of Public Participation was designed to assist with the selection of the level of participation that defines the public's role in any public participation process. The Spectrum is used internationally, and it is found in public participation plans around the world.

INCREASING IMPACT ON THE DECISION						
	INFORM	CONSULT	INVOLVE	COLLABORATE	EMPOWER	
PUBLIC PARTICIPATION GOAL	To provide the public with balanced and objective information to assist them in understanding the problem, alternatives, opportunities and/or solutions.	To obtain public feedback on analysis, alternatives and/or decisions.	To work directly with the public throughout the process to ensure that public concerns and aspirations are consistently understood and considered.	To partner with the public in each aspect of the decision including the development of alternatives and the identification of the preferred solution.	To place final decision making in the hands of the public.	
PROMISE TO THE PUBLIC	We will keep you informed.	We will keep you informed, listen to and acknowledge concerns and aspirations, and provide feedback on how public input influenced the decision.	We will work with you to ensure that your concerns and aspirations are directly reflected in the alternatives developed and provide feedback on how public input influenced the decision.	We will look to you for advice and innovation in formulating solutions and incorporate your advice and recommendations into the decisions to the maximum extent possible.	We will implement what you decide.
