Staff Report

Agenda Date: 2/18/2026
To: Executive Board

Agenda Item: 7.1

NCDOT Winter Weather Preparation Doug McNeal, NCDOT Div. 5

NCDOT works hard to prepare for winter weather and the hazards that come with it. There are a lot of facets to the Department's winter weather readiness and response. The NCDOT Division staff's efforts to make sure resources are in place before, during, and after winter weather events are wide and varied. Doug McNeal will provide a presentation on how the Department prepares for winter weather, the policies and procedures used just before and during weather events, and how the Department handles the aftermath.
