Agenda Item: 5.3

Community Funding Area Program Management Plan Update Suvir Venkatesh, MPO Staff

The Community Funding Area Program is being updated as part of the 2035 Updated Wake transit Plan. The PMP serves as the administrative guidebook for the Community Funding Area Program. The draft PMP was presented to TPAC during its September meeting and was released for public comment from September 22-October 21, 2025. The TCC received an informational report during its October meeting and a public hearing was held at the October 15, 2025, Executive Board meeting. During the public comment period, we received a total of two comments, neither of which were related to the PMP document. Upon closure of the public comment period, the document was brought back before the TPAC on October 23, 2025, and was unanimously recommended to the Wake Transit Governing boards for adoption. In November, The TCC will be requested to recommend the updated Community Funding Area Program Management Plan to the Wake Transit Governing Boards for adoption at their November 19, 2025, meetings.

Requested Action: Recommend the Executive Board approve the updated Community Funding Area Program Management Plan.
