Wake Transit Plan Update Presentation

Ben Howell, CAMPO

The Wake Transit Plan Update began in January and is expected to be complete in Spring 2025. So far staff and the consultant team have developed a detailed State of the Plan Report as well as a Summary Report that were used during the Phase I Public Engagement, which occurred between May 6th and July 23rd. A Transit Priorities Survey was also developed and distributed during the Phase I Public Engagement, and approximately 1,900 responses were received. The Phase I Public Engagement Summary Report is attached. The second phase of public engagement is scheduled to begin in December and run through the end of January. Staff will provide a brief update on the Wake Transit Plan Update, including an overview of engagement results from the first phase of engagement and plans for the second phase of engagement.
