**Resolution of Support for Rocky Mount MPO Intercity Transit Service**  
Chris Lukasina, MPO Staff

The Rocky Mount MPO has requested CAMPO support a CMAQ funding application that would provide funding to support an intercity commuter transit service between Raleigh and the City of Rocky Mount. This application is requesting CMAQ funds through the statewide CMAQ allocation. No funding support from CAMPO or CAMPO members is being requested currently. The Rocky Mount commuter service concept would provide over the road coach bus service between points in Raleigh and the Rocky Mount area's major employers. A draft resolution of support has been provided as an attachment.

**Requested Action:** Adopt resolution of support for statewide CMAQ funding allocation application
