Agenda Date: 6/21/2023
To: Executive B

Agenda Item:

Morrisville Parkway Access Management Study Interlocal Agreement **Crystal Odum, MPO Staff**

Per the adopted FY24 UPWP, the Capital Area Metropolitan Planning Organization (MPO), in partnership with the Town of Morrisville, invited qualified consulting firms or persons to submit Requests for Proposals to evaluate the two-mile section of Morrisville Parkway between Davis Drive and NC 54/Chapel Hill Road in Morrisville to make travel safer for vehicles and pedestrians. The corridor will be evaluated for general safety improvements associated with access management. The study will examine the median openings, access controls, signage, signalization, intersection operations, multimodal connectivity along and across the corridor, speed limits and traffic calming opportunities. This four-lane median-divided facility has seen significant traffic volume growth in recent years and has been identified on the Town of Morrisville's comprehensive plan as a high priority corridor for safety improvements.

Attached find an agreement for the parties to enter outlining the terms to be adhered to for the study. The study will not exceed \$65,000.

Requested Action: Approve the attached Morrisville Parkway Access Management Study Interlocal Agreement between the Town of Morrisville and CAMPO.
