To: Executive Board

Agenda Item: 5.2

Federal Functional Classification Changes

Alex Rickard, MPO Staff

During 2025, CAMPO has been working with NCDOT on a statewide effort to review and update the Federal Functional Classification System. CAMPO staff participated in NCDOT-led training sessions and then conducted a review of the CAMPO region including the recently expanded areas of Harnett and Chatham Counties. Staff have documented proposed changes and are providing those recommendations to CAMPO members and the public to review and comment here:

<https://experience.arcgis.com/experience/9a77aab327884e1d831cd037af7998ca>

These proposed changes were presented to the TCC and Executive Board at their August meetings for their information and, following a 30-day public comment period, the Board will be asked to approve the changes for submittal to NCDOT at their October 15, 2025, Board meeting.

Requested Action: Review the information and adopt the Federal Functional Classification changes
