

NC Capital Area **Metropolitan Planning Organization**

# **Technical Coordinating Committee Meeting**

**June 5, 2025**

**10:00 AM**

***Audio for the livestream will begin when the Chair calls the meeting to order.***

# 1. Welcome and Introductions

## 2. Adjustments to the Agenda

*Remove Regular Item 5.6 – FFY 2025 FTA Sections 5307, 5340, and 5339 Sub-Allocations (postpone to August)*

### 3. Public Comments

*This is an opportunity for comments by those in attendance. Please limit comments to three (3) minutes for each speaker.*

## 4. Minutes

### 4.1 TCC Meeting Minutes: May 1, 2025

#### Requested Action:

**Approve the May 1, 2025 Meeting Minutes.**

## 5. Regular Business

1. Complete NC 540 – Status Update
2. CAMPO Blueprint for Safety Plan and Final Report
3. Recommended FY 2026 Wake Transit Work Plan and Project Groupings and Deliverables
4. Adoption of Revised Wake Transit Lead Agency Responsibility Matrix
5. 2025 (Section 5310) Enhanced Mobility of Seniors and Individuals with Disabilities Program Project Selection
6. *Removed: FFY 2025 FTA Sections 5307, 5340, and 5339 Sub-Allocations*
7. 2055 MTP/CTP Update
8. Federal Certification Review

## 5. Regular Business

- 9. Prioritization 8.0 Modal Candidate Project Lists
- 10. Locally Administered Projects Program (LAPP) FFY2027 Target Modal Mix
- 11. 2050 Metropolitan Transportation Plan Amendment #2 & Air Quality Conformity Determination Report & FY2026-2035 Transportation Improvement Program (TIP)
- 12. Network Analyst - TRMG2v3 2025 Base Year

## 5.1 Complete NC 540 – Status Update

# Complete 540 Phase 2

Alan Shapiro, P.E.

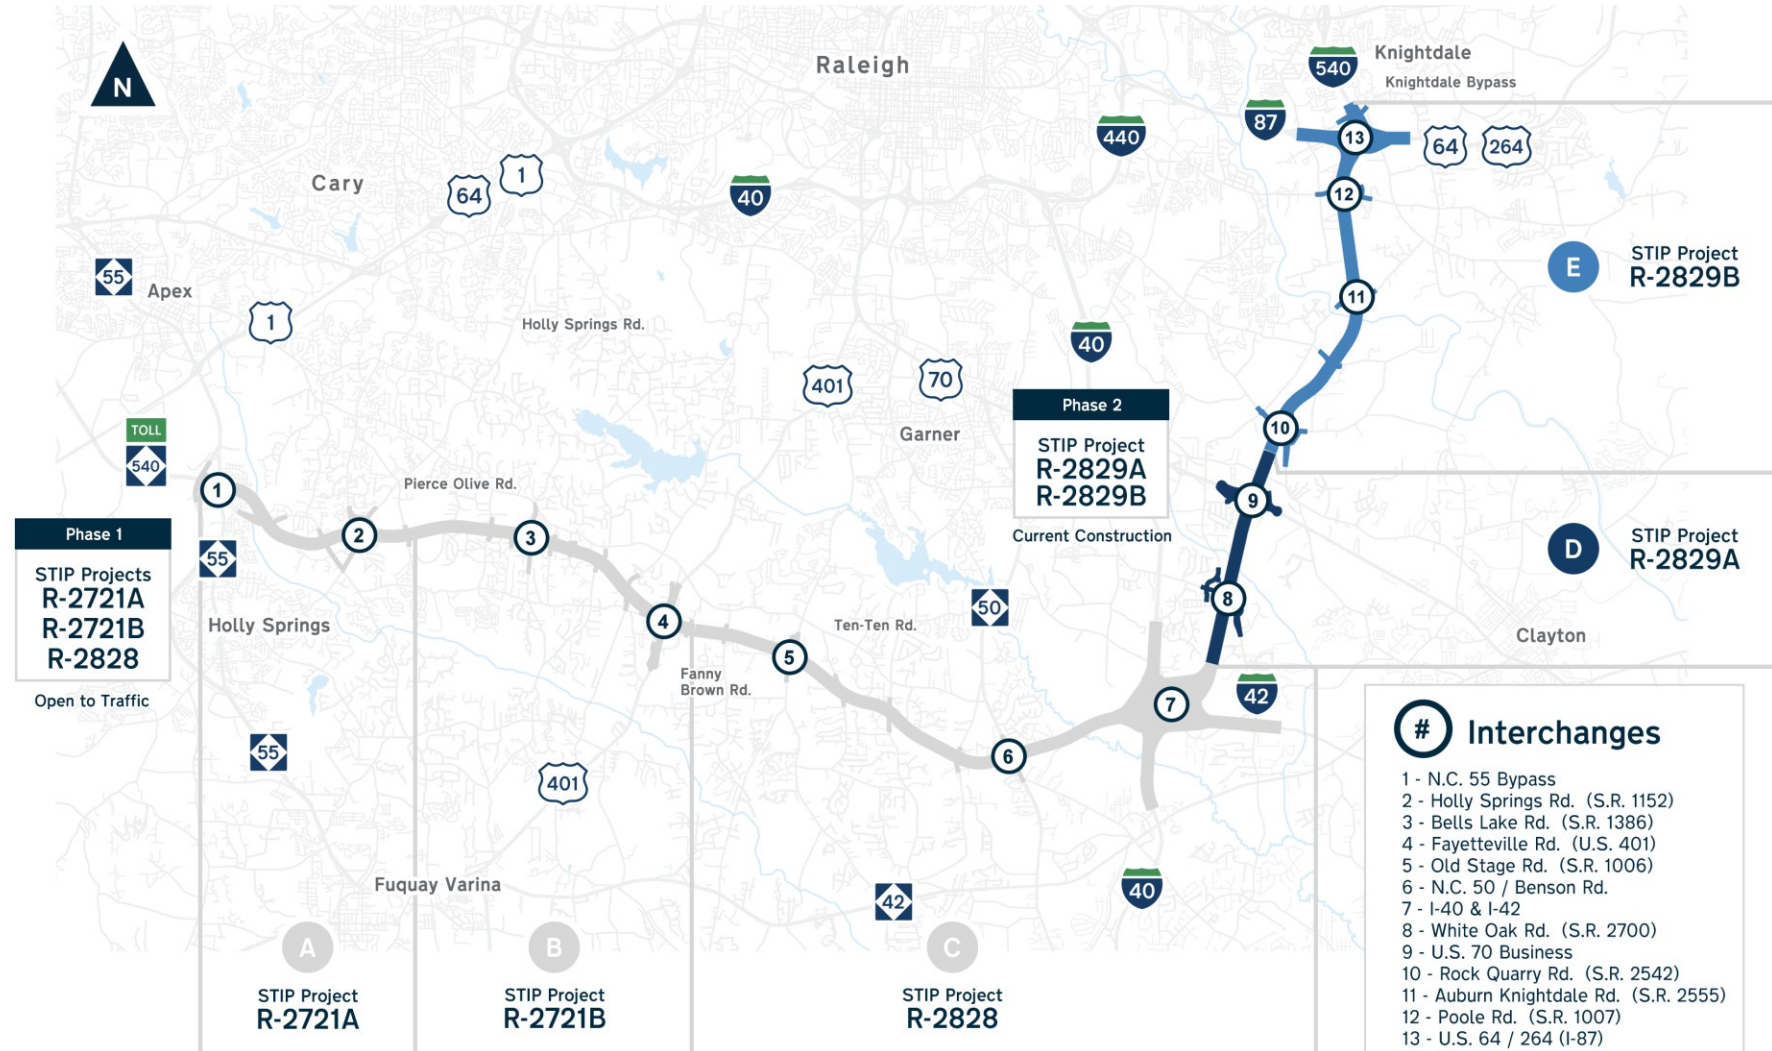

# Completing the Loop

-  Open to traffic (66 miles)  
I-540 & Triangle Expressway
-  Missing link (10 miles)  
Eastern Wake Expressway

# Complete 540 Phase 2

The background is a dark blue field with a subtle, repeating pattern of light blue hexagons. Overlaid on this are several dynamic, glowing trails of small dots. These trails originate from the top-left and bottom-left corners and sweep upwards and to the right, resembling particle paths or data flows. The dots in the trails have a color gradient, starting as light blue and transitioning to a bright yellow-green at their tips.

Thank you!

## 5.1 Complete NC 540 – Status Update

Requested Action:  
Receive as information

## 5.2 CAMPO Blueprint for Safety Plan and Final Report

# BLUEPRINT FOR SAFETY

CAMPO Regional Transportation Safety Action Plan

---

**CAMPO TCC Update**

**June 5, 2025**

# One Region: Diverse Safety Issues

- Increasing fatalities and serious injuries
- Different crash types in rural vs urban areas
- Different roadway users are over-represented across the region, primarily due to changing population characteristics
- All counties are experiencing rapid growth and development

# Data-Driven Analysis and Planning

- Nine focus crash types
- High Injury Network (HIN), High Injury Intersections (HII), Bike/Ped HIN, and Bike/Ped HII
- Risk analysis

Lane Departure

Intersections

Bike/Pedestrians  
at Intersections

Bike

Speed

Pedestrian

Motorcycle

# Community and Stakeholder Engagement

## Feedback shaped safety strategies

- TAT Meetings guided the development of safety actions
- Community feedback supported program and policy opportunities
- Local events and conversations highlighted the importance of roadway safety to people across the CAMPO Region

"Our roadways have been oversized to forgive the mistakes of drivers, allowing them to drive faster with minimal consequences."

"People in the city see cyclists as a problem instead of part of the congestion solution."

"We need a hands-free law. By far, distracted driving is what makes the roads unsafe."

"The fewer cars on the road, the safer it is."

# Blueprint Resource

Information available for agencies

## CAMPO BLUEPRINT FOR SAFETY

# Safety Data and Scoping Tools

# Location Specific Data

Location Characteristics	Existing Conditions/ Analysis Results

Pedestrian Facilities	No
Bicycle Facilities	No
Transit Facilities	No
Land Use Context	Suburban Arterial
Access Management	Divided
High Crash Risk Types	Pedestrian Lane Departure Motorcycle Speed

# Countermeasure Library

## HOW TO USE THIS DOCUMENT

This resource is a compilation of selected countermeasures, organized by countermeasure types and associated crash types, for consideration as an engineering treatment. This document does not include non-engineering countermeasures or address crash types associated with human factors, such as impairment or use of seat belts. The primary resource consulted for this document is the North Carolina Project Development Crash Reduction Factor (CRF) Information ("NCDOT CRF List").

[Resource Link](#)

**1 Crash Type:** Category of crashes, outlined as emphasis areas in the NC Strategic Highway Safety Plan (SHSP) - based on the first harmful event associated with a crash, such as a roadway element or mode of travel involved.

**2 Countermeasure Type:** Groups or sets of countermeasures broadly considered to address crash types.

**3 Description of Countermeasure Type**

**4 Key Selection Factors:** Highlights typical selection criteria - such as traffic volume, speed, number of lanes, and intersection configuration - used to determine the applicability of a countermeasure to a location.

**5 Specific Countermeasures:** An individual countermeasure and description of the applicable roadway element that has been studied for effectiveness to reduce crashes.

**6 Location Type:** Listed as "Urban", "Rural" or "All" depending on the context(s) in which the countermeasure is typically applied and/or studied for effectiveness to reduce crashes.

**7 Crash Reduction Factor (CRF) Percentage:** The percentage of expected crash reductions for a specific countermeasure based on research accepted for a treatment.

**8 Severity:** The severity of the injuries (as described in a crash report for the vehicles or persons involved) researched and described as crashes expected to be reduced by the specific countermeasure.

K = Fatality / A = Suspected Serious Injury  
B = Suspected Minor Injury / C = Possible Injury

**9 Cost:** Relative cost to implement or construct a countermeasure. Costs increase (Low \$) / Medium \$\$ / High \$\$\$ based on factors such as project footprint, construction materials, and extent of analysis required.

**10 Guidance:** Resource links for additional information about conditions for safety implementation; does not include guidance for the design of specific treatments, typical sections or details.

# Blueprint for Safety Plan

## Safety Pillars & Actions

# CAMPO's Goal for Safety

***CAMPO Safety Goal: A 50% reduction of fatal and serious injury crashes by 2055 and ultimately moving towards zero fatal and serious injury crashes.***

- Executive Board Approved
- Aligns with 2055 MTP
- Annual reporting on Performance Metrics
- Requires a focused effort:
  - *3 Safety Pillars*
    - *Near-term and long-term actions*
    - *Implementation Plans for Near-Term actions*

# Safety Pillars

Strategies and actions are grouped into the following pillars:

The diagram consists of three vertical rectangular pillars, each with a dark teal background and white text. The pillars are separated by thin white vertical lines. Above the pillars is a thick dark teal horizontal bar with decorative circular scrollwork at both ends. The pillars are labeled 'Safety Policy', 'Safety Culture', and 'Safety Projects' from left to right.

**Safety  
Policy**

**Safety  
Culture**

**Safety  
Projects**

# Safety Policy

## Strategy 1:

**Adopt policies to promote the Safe System Approach**

**9 Actions**

Lead Implementer	Near-Term Actions
Local Governments	Create model approaches for updating transportation analysis methods to identify and incorporate multimodal safety strategies.
Local Governments	Develop zoning and land development standards that proactively include transportation networks and countermeasures for all roadway users.
CAMPO and Local Governments	Improve accuracy and timeliness of crash and safety data through training and sharing best practices for crash reporting with local police departments and local agency transportation practitioners.

# Safety Culture

## Strategy 1:

**Promote the benefits  
of a safer  
transportation system  
to CAMPO residents**

**5 Actions**

Lead Implementer	Near-Term Actions
CAMPO and Local Governments	Evaluate the performance of safety projects and experimental treatments to increase understanding of effectiveness of countermeasures.
NCDOT, CAMPO, and Local Governments	Collaborate with agencies in healthcare, education, and housing to describe the benefits of improving transportation safety and the costs to society for lives lost or incapacitating injuries resulting from crashes.
CAMPO	Develop a culturally-sensitive regional education campaign, including a social media calendar and outreach events, to highlight traffic safety issues and encourage safer travel.

# Safety Culture

## Strategy 2:

### Cultivate a local safety culture

4 Actions

Lead Implementer	Near-Term Actions
CAMPO	Establish a Regional Safety Committee of local governments in the CAMPO region to meet quarterly, discuss and share safety project resources, needs, successes, and ideas.
CAMPO	Review and report on implementation progress and performance measures included in the Blueprint for Safety Plan annually.

# Safety Projects

## Strategy 1:

### Implement a "Safety in All Projects" approach

4 Actions

Lead Implementer	Near-Term Actions
NCDOT and CAMPO	Develop and distribute guidance to consider context, crash risk, crash history, and crash severity when developing or reviewing STIP projects, LAPP projects, and other local transportation projects.
CAMPO and Local Governments	Coordinate between local and regional safety plans to prioritize transportation safety needs.

# Safety Projects

**Strategy 2:**

**Enact a Safe  
Speed  
Management  
Program**

**3 Actions**

Lead Implementer	Near-Term Actions
NCDOT and Local Governments	Support statewide efforts to develop guidance for setting and managing speeds in projects based on context, roadway user types, and crash risk.
NCDOT and Local Governments	Perform speed studies along roads with identified speed problems to identify potential safety improvements.

# Safety Projects

**Strategy 3:**

**Develop  
highly  
effective  
safety projects**

5 Actions

Lead Implementer	Near-Term Actions
CAMPO and Local Governments	Advocate for additional and leverage state and federal funding to implement safety projects and low-cost countermeasures.
Local Governments	Set local budget targets for and increase capital spending on safety projects.

# Next Steps

---

# Our Next Steps

- ❑ Final Stakeholder and Public Review from May 19 to June 17
- ❑ Plan presentation to Executive Board June 18
- ❑ Plan endorsement by June 30
- ❑ Implementation work begins!
  - ❑ *Sign up to join the Regional Safety Committee*

# Thank You!

---

Catherine Saine, VHB  
[csaine@vhb.com](mailto:csaine@vhb.com)

## 5.2 CAMPO Blueprint for Safety

### Requested Action:

**Recommend the Executive Board adopt the Blueprint for Safety Plan as included within the accompanying report.**

## 5.3 Recommended FY 2026 Wake Transit Work Plan and Project Groupings and Deliverables

# **Recommended FY 2026 Wake Transit Work Plan and Project Groupings and Deliverables**

*Steven Mott, CAMPO*

# FY 2026 Wake Transit Work Plan

# **Recommended FY26 Work Plan Budget**

**Operating: \$64.1m  
Capital: \$122.5m**

**Total: \$186.6m**

**FY  
26**

**Recommended  
Wake Transit  
Work Plan**

*Version: April 30, 2025*

# Vehicle Rental Tax in the FY26 Work Plan

- The Conference Committee may meet prior to the June 18<sup>th</sup> Executive Board meeting to discuss the VRT amounts included in the Work Plan.
- An agreement on VRT amounts by the Conference Committee would supersede the current recommendation from TPAC to include \$2.591m VRT revenue in the FY26 Work Plan.
- Further details on the current TPAC recommendation can be found on page 7 of the FY 2026 Wake Transit Work Plan.

# Community Engagement

# Engagement for FY26 Work Plan

- 30-day engagement period for Draft FY26 Work Plan (February 25 – March 28).
- 15-day engagement period for Recommended FY26 Work Plan (May 1-15) coinciding with the Wake Transit Plan Update engagement.
- Various avenues were taken to get the word out including email campaigns, handouts and flyers, social media posts, blog posts, and in-person events.

# Engagement for FY26 Work Plan

+115 comments received between the two engagement periods.

Common themes:

- Overwhelming demand for transit expansion & frequency
- Strong call for major public investment
- Emphasis on equitable access, user experience & system usability
- Mixed views on microtransit
- Skepticism about the commuter rail project

# Agreement Groupings & Deliverables

## 5.3 Recommended FY 2026 Wake Transit Work Plan and Project Groupings and Deliverables

### Requested Action:

#### Recommend the Executive Board

- 1) Approve the FY 2026 Recommended Wake Transit Work Plan;
- 2) Approve the proposed project agreement groupings and deliverables;  
and
- 3) Authorize the Executive Director to execute all FY 2026 Work Plan project-level agreements to which CAMPO is a party.

## 5.4 Adoption of Revised Wake Transit Lead Agency Responsibility Matrix

# Lead Agency Assignments Update

## Lead Agency Matrix

- Presented overview to TPAC in April
- Requested TPAC recommend Governing Boards approve changes to Lead Agency Matrix at May TPAC meeting
- Proposed changes:
  - Specify GoTriangle Tax District Administration as a Lead Agency
  - Change Lead Agency for Bus Plan to CAMPO
  - Remove last page of Matrix – responsibilities not directly laid out in ILA Section 3.03
- TPAC recommended the Wake Transit Governing Boards approve the revised Lead Agency Responsibility Matrix at their meeting in May

Transit Governance ILA Responsibility (Section 3.03)	Recommended Lead Agency
a. Wake County Transit Work Plan, including all of its separate elements defined in Section 2.38:	CAMPO to compile and maintain
<u>Annual Operating Budget Ordinance</u> . This shall be supplied for the Wake Transit major operating fund which will appropriate funds for the operation and administration of transit projects as well as for any other agencies involved in producing products for TPAC review	GoTriangle <del>(as Tax District Administration)</del> to compile and maintain
<u>Annual Tax District administration budget</u> for the Wake Transit major operating or capital fund	GoTriangle <del>(as Tax District Administrator)</del> Administration to compile and maintain
<u>Multi-Year Capital Improvement Plan (CIP)</u> supplied for the Wake Transit major capital fund that clearly identifies specific projects, project sponsors responsible for undertaking those projects, project funding sources, and project expenditures. (NOTE: The Multi-year CIP shall be updated annually to coincide with the annual capital budget always being the first year of appropriation of funding for capital projects identified in the CIP. The Multi-year CIP shall be coordinated with the Metropolitan Transportation Plan, Transportation Improvement Program, and annual program of projects developed and maintained by the Raleigh Urbanized Area designated recipient of federal formula transit grants so as to be consistent with submittal deadlines for the final horizon year of the Metropolitan Transportation Plan.)	CAMPO to compile and maintain
<u>Annual Capital Budget Ordinance</u> supplied for the Wake Transit major capital fund that allocates financial resources to specific project sponsors for specific projects, and represents the first year of appropriation of funding for capital projects identified in the Multi-Year CIP	GoTriangle <del>(as Tax District Administration)</del> to compile and maintain
<u>Multi-year Operating Program</u> -the annual document describing the development of local bus, express bus, Bus Rapid Transit, and commuter rail services to be funded by the Tax District. It will describe service changes planned for the year and preliminary service proposals and financial projection for the subsequent years. A detailed report on the status of each bus and rail route shall also be included, along with performance objectives for the coming year. The document shall also describe administrative, planning, marketing, or other functions that are not directly accounted for in specific infrastructure project delivery or allocated to service delivery, but which are essential to the implementation of the Transit Plan.	CAMPO to compile and maintain
<u>Update of the Wake Transit Financial Plan and financial model assumptions</u> and corresponding update of the planning horizon of Wake Transit Work Plan future projects not included in the current Multi-year CIP. The parties shall use good faith efforts to align planning horizon year with the horizon year of the current CAMPO MTP. The Financial Model shall contain agreed upon financial assumptions of the TPAC for Wake Transit Work Plan revenues involving federal, state and local sources and multi-year capital and operating costs including liquidity targets and debt ratios relevant to rating agency metrics.	GoTriangle <del>(as Tax District Administration)</del> to compile and maintain

Transit Governance ILA Responsibility (Section 3.03)	Recommended Lead Agency
<u>Capital Funding Agreements or Master Agreements</u> - an agreement between an agency and other agencies to provide an Implementation Element or a project plan if the implementation element is to be provided by the Agency. The agreement or project plan shall state the details of the capital improvements to be provided and detail expectations on funding, responsibilities, schedule and performance and shall adhere to minimum standards outlined in Section 7.01 of <del>the Governance ILA</del> . Master agreements mean an Operating or Capital Funding agreement that directs a discrete logical grouping of projects, operations or studies.	GoTriangle <del>(as tax district administrator)</del> Tax District Administration
<u>Operating Agreements or Master Agreements</u> - an agreement between an agency tasked to provide an Implementation Element, the Tax District and other agencies as needed, or an operating plan if the Implementation Element is to be provided by the Agency. The agreement shall state the details of the service to be provided and detail expectations on funding, responsibilities, schedule and performance. The agreement shall adhere to minimum standards outlined in Section 8.02 of <del>the Transit Governance ILA</del> . Master agreements mean an Operating or Capital Funding agreement that directs a discrete logical grouping of projects, operations or studies.	GoTriangle <del>(as tax district administrator)</del> Tax District Administration
b. Initial detailed elements of a Multi-Year Service Implementation Plan (Wake Bus Plan— <del>which includes the Coordinated Human Services Transportation Plan through the scope of the Bus Plan</del> )	GoTriangleCAMPO
c. Staffing model and staffing expectations plan, including requested consideration of any costs associated with additional staff required to administer the Wake County Work Plan;	CAMPO to lead development and any updates thereto
d. Program management policy and plan for the community funding areas identified in Wake County Transit Plan	CAMPO to lead development and any updates thereto
e. Templates containing minimum standards for project and financial reports for the major funds of the separate component unit(s) <del>and others to follow (first version by October 1, 2016)</del> ;	GoTriangle Tax District Administration
f. Development and ongoing administration of a Project prioritization policy that guides the development of the CIP and longer term operating program and annual budgets	CAMPO
g. Designation of project sponsors (agencies responsible for each respective capital and operating project), including agencies responsible for each Implementation Element	CAMPO via individual transit agencies
h. Multiyear vision plan	CAMPO
i. Development of and Ongoing Administration of the Wake Transit Project Endorsement Process: to include a strategy for each Implementation Element or agreement, which shall include scope, geography, purpose and goals, processes for allowing amendments, and processes for addressing Significant Concerns. Very detailed strategies shall be developed for capital/infrastructure projects exceeding \$1,000,000	CAMPO
j. Development of an articulated strategy for incorporating or accounting for public outreach, involvement, and communication with the deliverables set forth in a, b, d, f, g, and h; the ongoing administration to include oversight and management of public engagement/involvement activities.	CAMPO

# Other Lead Agency Updates

- GoTriangle requested to transfer their Lead Agency responsibility for Program-level Communications and Engagement to another party beginning FY26
  - GoTriangle has received funding for 4.5 FTEs and non-staffing costs in past Work Plans for Program-Level responsibilities
  - In FY26, GoTriangle would receive funding for 1.5 FTE and non-staffing costs for project-specific work – relocation of GoTriangle services in Raleigh to RUS Bus and an outreach campaign to raise awareness of RDU service
- In May, TPAC recommended CAMPO take over Program-level responsibilities
- CAMPO is reviewing impacts of these new responsibilities and potential staffing or contract needs

# Communication and Engagement

## Proposed Core Responsibilities

- Development and implementation of a Strategic Communications Plan and update(s) of Community Engagement Policy
- Lead/manage communications and outreach for Annual Work Plan, Work Plan Amendments
- Development and publishing of Wake Transit Annual Report
- Work with consultants on communication strategy for Program-level plans and studies (ex: Bus Plan, Wake Transit Plan, Major Investment Studies)
- Manage and maintain Wake Transit website/webpages
- Maintain stakeholder/public interest email communication lists

# Communication and Engagement

## Additional Responsibilities

- Coordination of communications/engagement activities by Wake Transit partners
- Oversee any consultant assistance that may be necessary for engagement activities by Wake Transit partners (Program- or Project-level)
- Development of Program-level Wake Transit communication tools for use at events (such as general information brochures)
- Serve as primary point of contact for Wake Transit partners for communication/engagement-related questions

## 5.4 Adoption of Revised Wake Transit Lead Agency Responsibility Matrix

### Requested Action:

**Recommend approval of the revised Lead Agency Responsibility Matrix by the Executive Board. Recommend CAMPO accept the Communications and Engagement Coordination Lead Agency Responsibilities for Wake Transit as recommended by TPAC.**

## 5.5 2025 (Section 5310) Enhanced Mobility of Seniors and Individuals with Disabilities Program Project Selection

# Enhanced Mobility of Seniors and Individuals with Disabilities Program (Section 5310)

2025 Recommended Program of Projects

CAMPO TCC Meeting // June 5, 2025

## FTA Section 5310 Program

**Provides capital and operating grants to**

- Non-profit organizations, private operators, and public agencies
- Providing coordinated transportation services
- Planned, designed, and carried out to meet the needs of elderly persons and persons with disabilities.

**Funding is for the Raleigh-Cary Urban Area**

## 2025 Call for Projects

- Application period February 17 – March 14
- Approximately 200 agency, non-profit, and providers contacted
- Virtual grant webinar and recorded presentation:
  - **Webinar:** February 24
  - **Recorded Webinar:** February 28 – March 14 available on GoRaleigh's website
- Applications evaluated by Scoring Committee April 7
- Presenting to CAMPO Executive Board May 21
- Public comment period May-June
- Program of Projects approved in June

# Section 5310 Funds Available

Grant Cycle	Funds
2017 – 2018	\$1.3M
2019 – 2020	\$1.3M
2021 – 2022	\$1.2M
2023-2024	\$2.3M
<b>Current Cycle</b>	<b>\$2.5M</b>

**Historic Funds available - \$1.2 - >\$2M per 2-year cycle from 2017 - 2024**

**2025-2026 (current) cycle total: \$2,525,725**

## SECTION 5310 PROGRAM

# Grant Application Snapshot

Organization	Funding Request	Project Summary	Project Type
<i>Best Transportation and Wheelchair Service Inc</i>	\$50,000	Vehicle Purchase	Traditional
CAMPO*	\$284,205	Mobility Management	Traditional
Cardinal Transport, LLC	\$152,500	Vehicle Purchase; Technology; Salary	Traditional and Other
The Center for Volunteer Caregiving	\$205,005	Volunteer Driver Escorted Door-Through-Door Transportation Program	Other
Community and Senior Services of Johnston County	\$367,625	Vehicle Purchase; Mobility Management; Purchased services	Traditional
GoRaleigh Access / City of Raleigh	\$120,000	Free paratransit rides for seniors	<b>OTHER</b>
Pearl Transit Corp	\$234,000	24-hour transportation and trip planning	Other
<i>WH Transportation</i>	\$85,000	Vehicle Purchase	Traditional

\*CAMPO's mobility management program is supported by 5310 funds set aside outside of the competitive process as outlined in the PMP.

# Thank You

## 5.5 2025 (Section 5310) Enhanced Mobility of Seniors and Individuals with Disabilities Program Project Selection

### Requested Action:

**Recommend the Executive Board approve the attached Program of Projects for the 2025 Section 5310 Program.**

## 5.6 FFY 2025 FTA Section 5307, 5340, and 5339 Raleigh Urbanized Area Sub-Allocations

### **Adjustment to Agenda:**

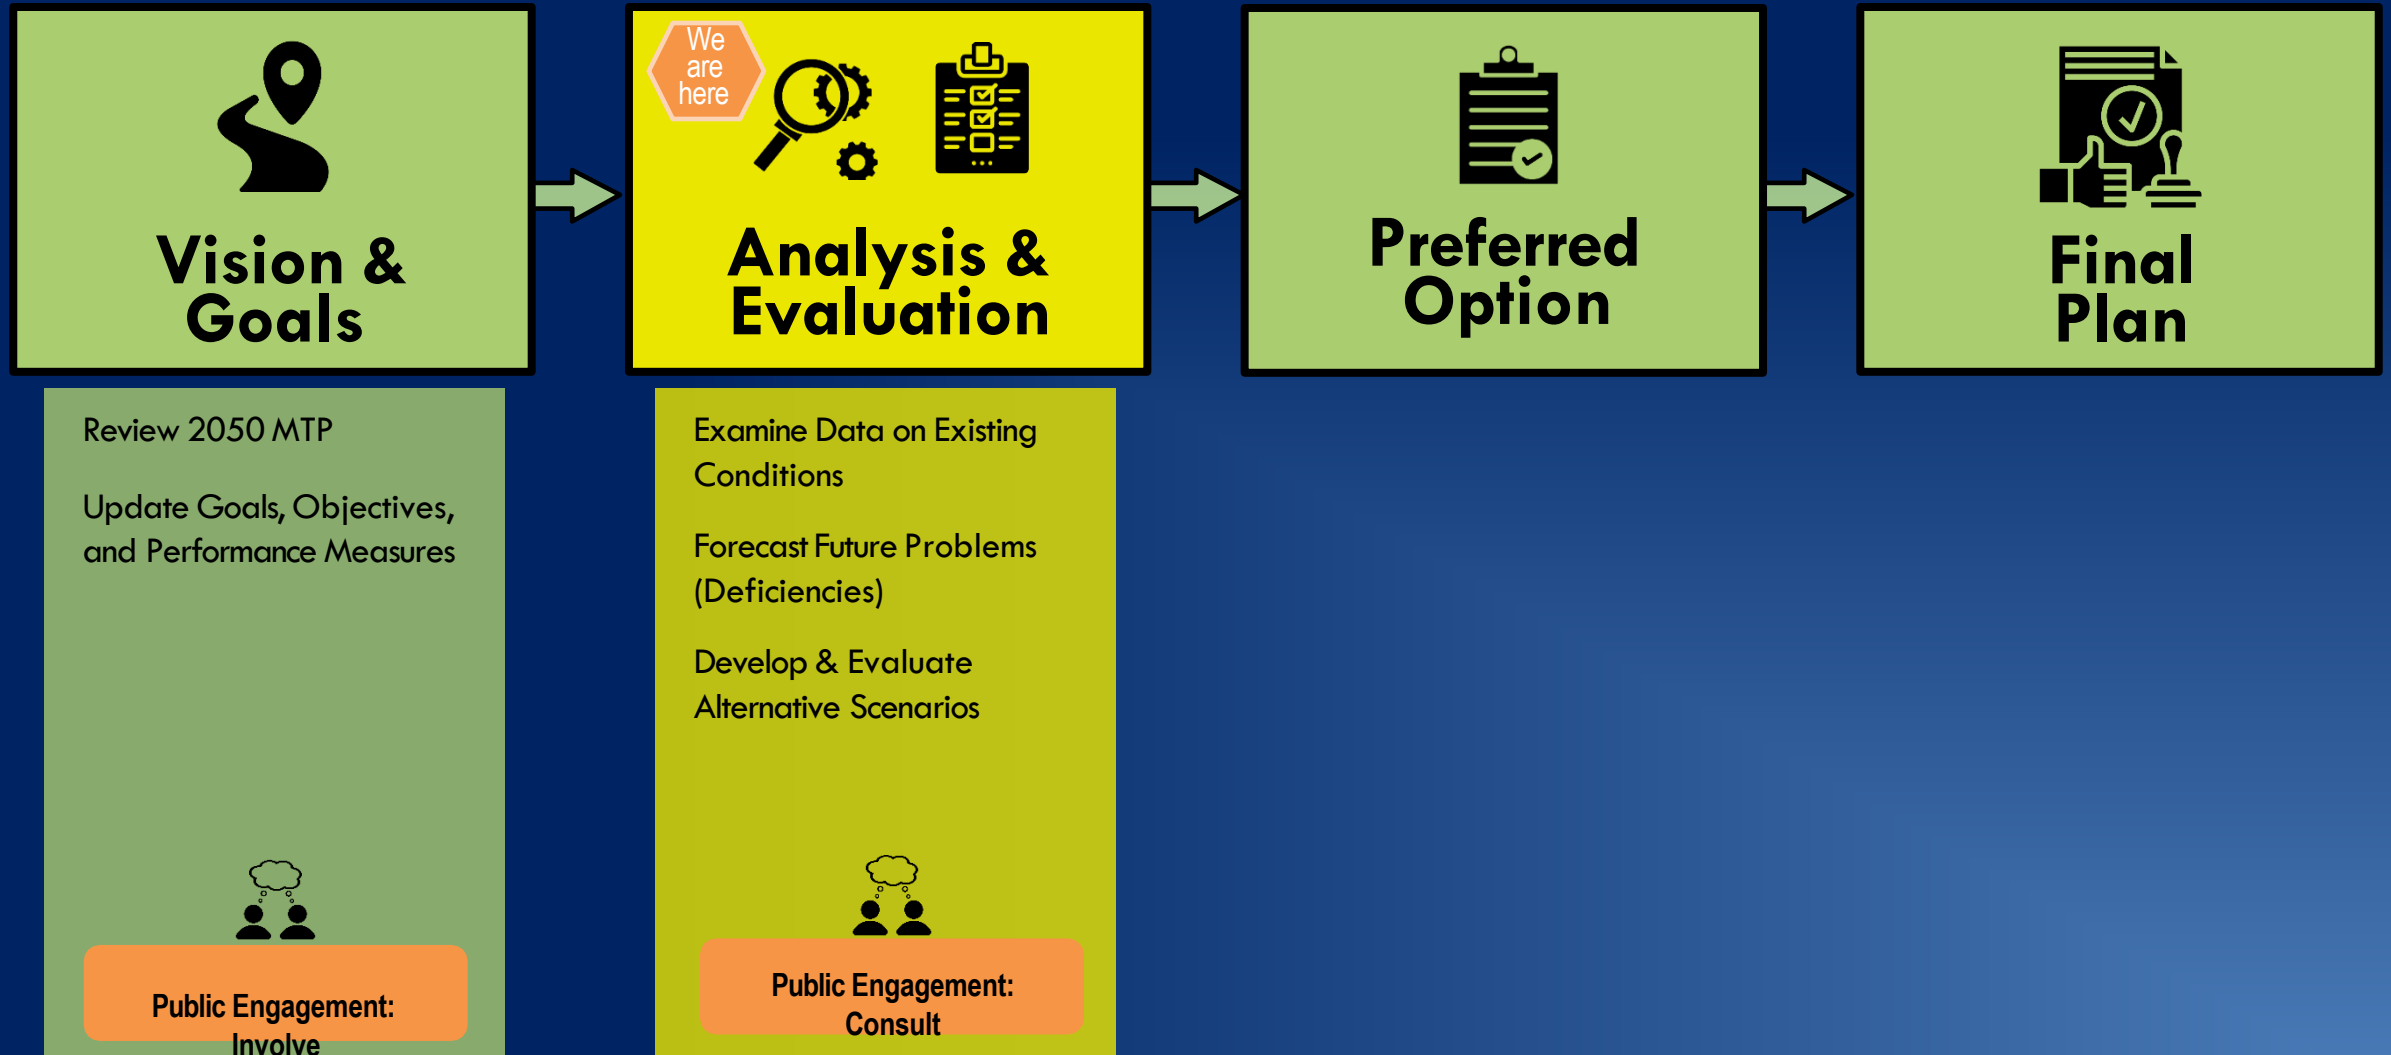

This item was removed; postpone to August

## 5.7 2055 MTP/CTP Update

# MTP Update Process

*The overall process to develop the MTP typically takes 18 months, or more. CAMPO updates the MTP on a 4-5 year cycle and is currently developing the 2055 MTP.*

# DRAFT 2055 MTP Socio-Economic Guide Totals

- The Triangle Region continues to grow at a very fast pace:

Anticipated Growth by 2055	
Population	1,000,000
Employment	800,000

# Scenario Framework

Four scenarios that match a development foundation with a mobility foundation:

<b>Destination 2055 Scenario Framework</b>		<b>Mobility Investment Foundation</b>				
		<b>E</b> Existing & Committed	<b>T</b> Trend	<b>M</b> Mobility Corridors	<b>C</b> Complete Communities	<b>U</b> Unconstrained
<b>Development Foundation</b>	<b>P</b> Community Plans	 Deficiency & Needs Scenario	 Plans & Trends Scenario	 Shared Leadership Scenario		
	<b>O</b> Opportunity Places				 All Together Scenario	
	<b>B</b> Build Out					

*Note: moving from left to right, and from top to bottom, each scenario builds on the elements of the preceding scenarios.*

# Public Engagement for Alternatives

Purpose: Feedback & Awareness on Alternatives to inform the Preferred (*Tradeoffs of Preferences for the Triangle Region's Transportation Network of the Future*)

When: April – May 2025

Tactics: Website & Survey @ [Destination2055nc.com](https://Destination2055nc.com);  
In-Person interactive board; Online Q&A

# Results

**630**  
Surveys  
completed

**431**  
CAMPO  
Live/Work

**16**  
Popups

**322~**  
Attendees

# Survey Results

*Please Rank the following priorities for our region's future transportation system from most important to least important.*

The lower the  
number, the higher  
the priority

*Score is based on priority given - a respondent's top priority received a score of 1, lowest priority a score of 7.*

# All Together Scenario

## Development Foundation:

### O | Opportunity Places

- Built on same base assumptions as Community Plans, but with additional focus on:
  - **Anchor Institutions** (universities) – assert increase in job growth
  - **Mobility Hubs** (major activity centers) – increase densities in these areas to allow transit-supportive development
  - **Affordable Housing** – identify publicly-owned property near frequent transit services and assert added affordable housing units
  - **TOD** – increase densities in areas within ½ mile of high-quality transit stops/stations to allow transit-supportive development

## Mobility Investment Foundation:

### C | Complete Communities

- Take the base of investments from the Mobility Corridors Scenario, *PLUS*:
  - Additional funding, likely based on local option revenue streams, starting in second decade
  - Driven by modal investment mix
    - 2045 MTP used overall MTP investment mix
  - Multimodal in nature
    - Roadway investments targeted at secondary roads
  - In addition to existing ½ cent Wake Transit revenue (sales tax, reg. fee)

# Preliminary All together

Peak Hour

Mid Day

**Transportation Network:  
Complete Communities**

**Socio-Economic Data:  
Opportunity Places**

**Volume / Capacity**

**Red** signifies that a road has met or exceeded its capacity

**Peak Hour**

Represents the worst travel hour of the day

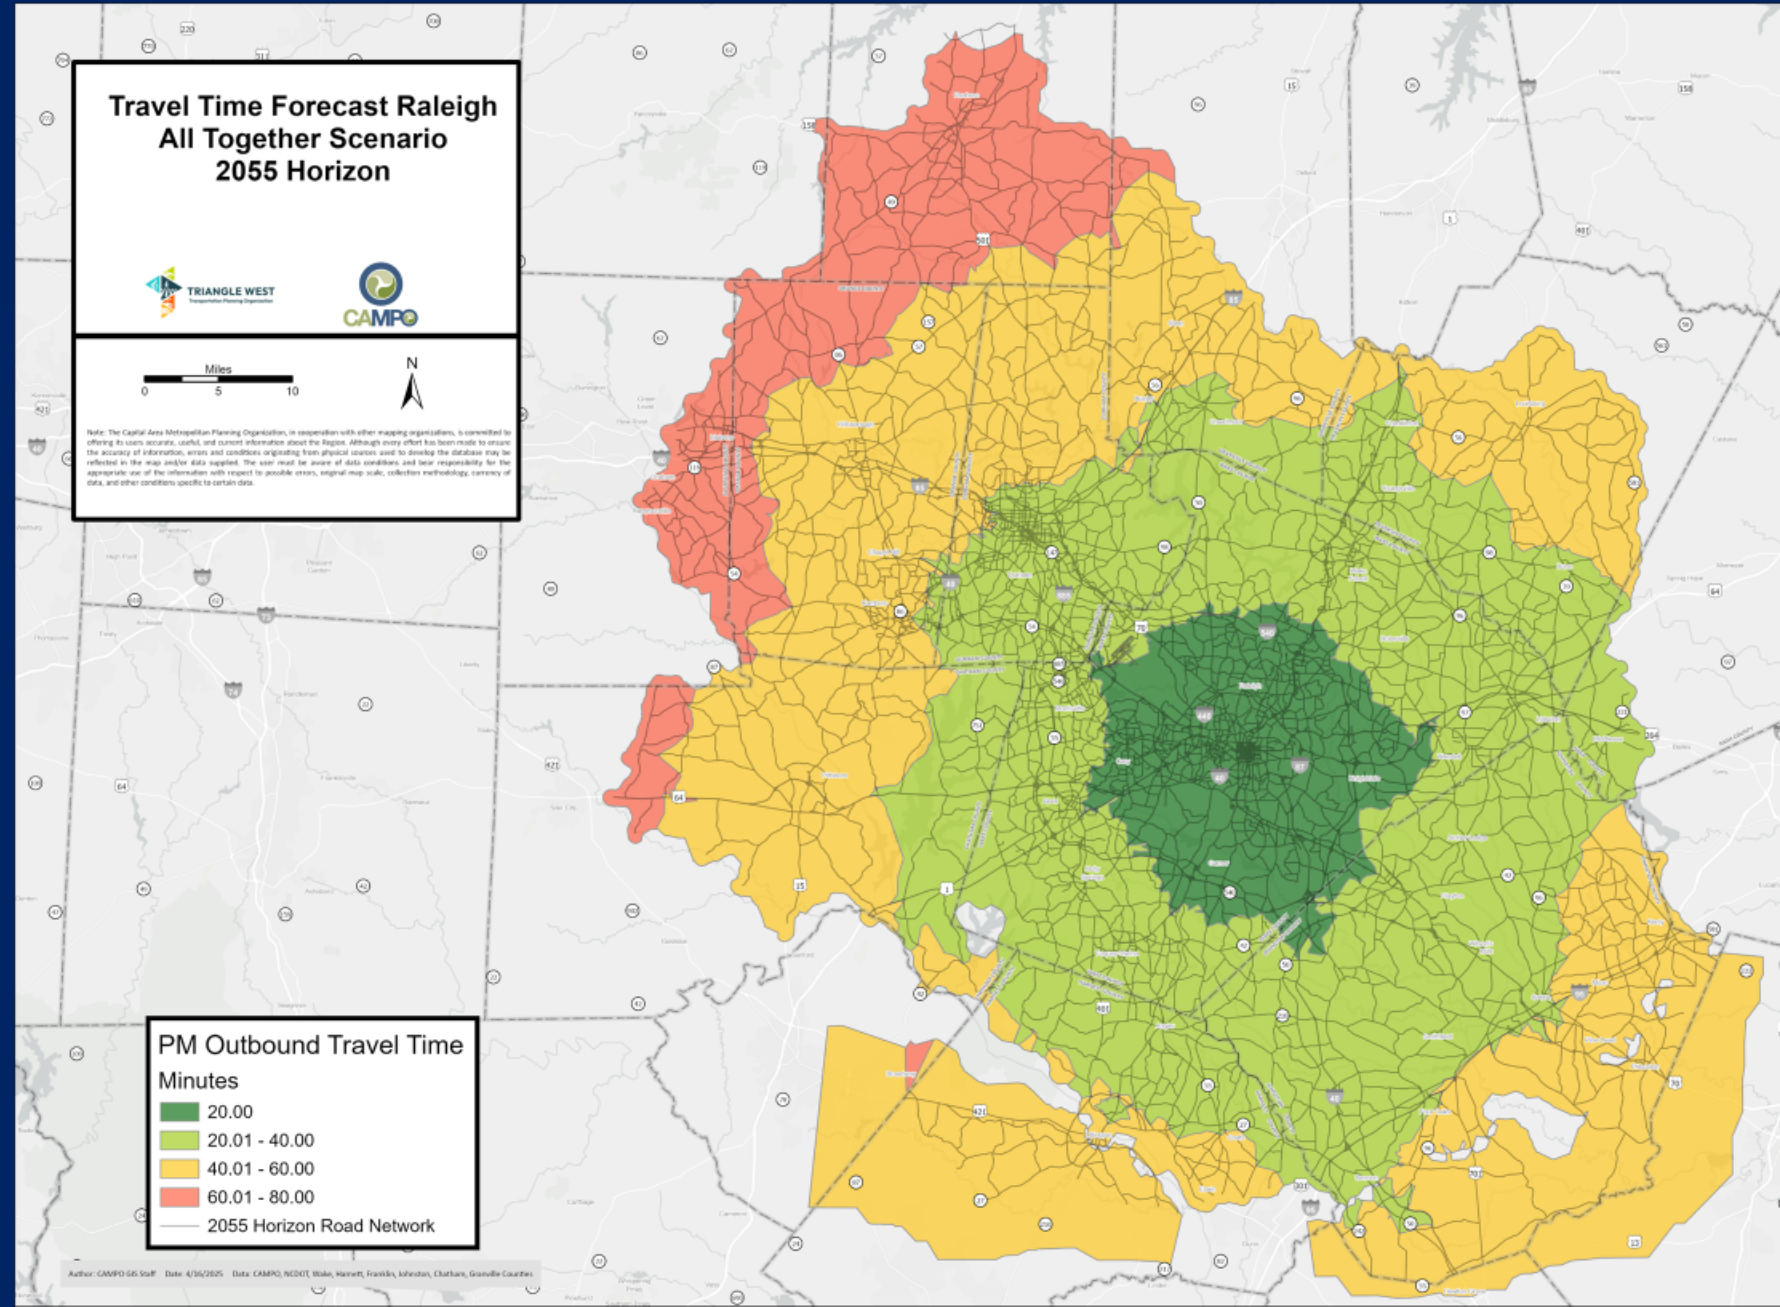

**Off-Peak**

Represents the mid day daily travel (non-"rush hour")

# Preliminary All Together & Travel Time (Downtown Raleigh)

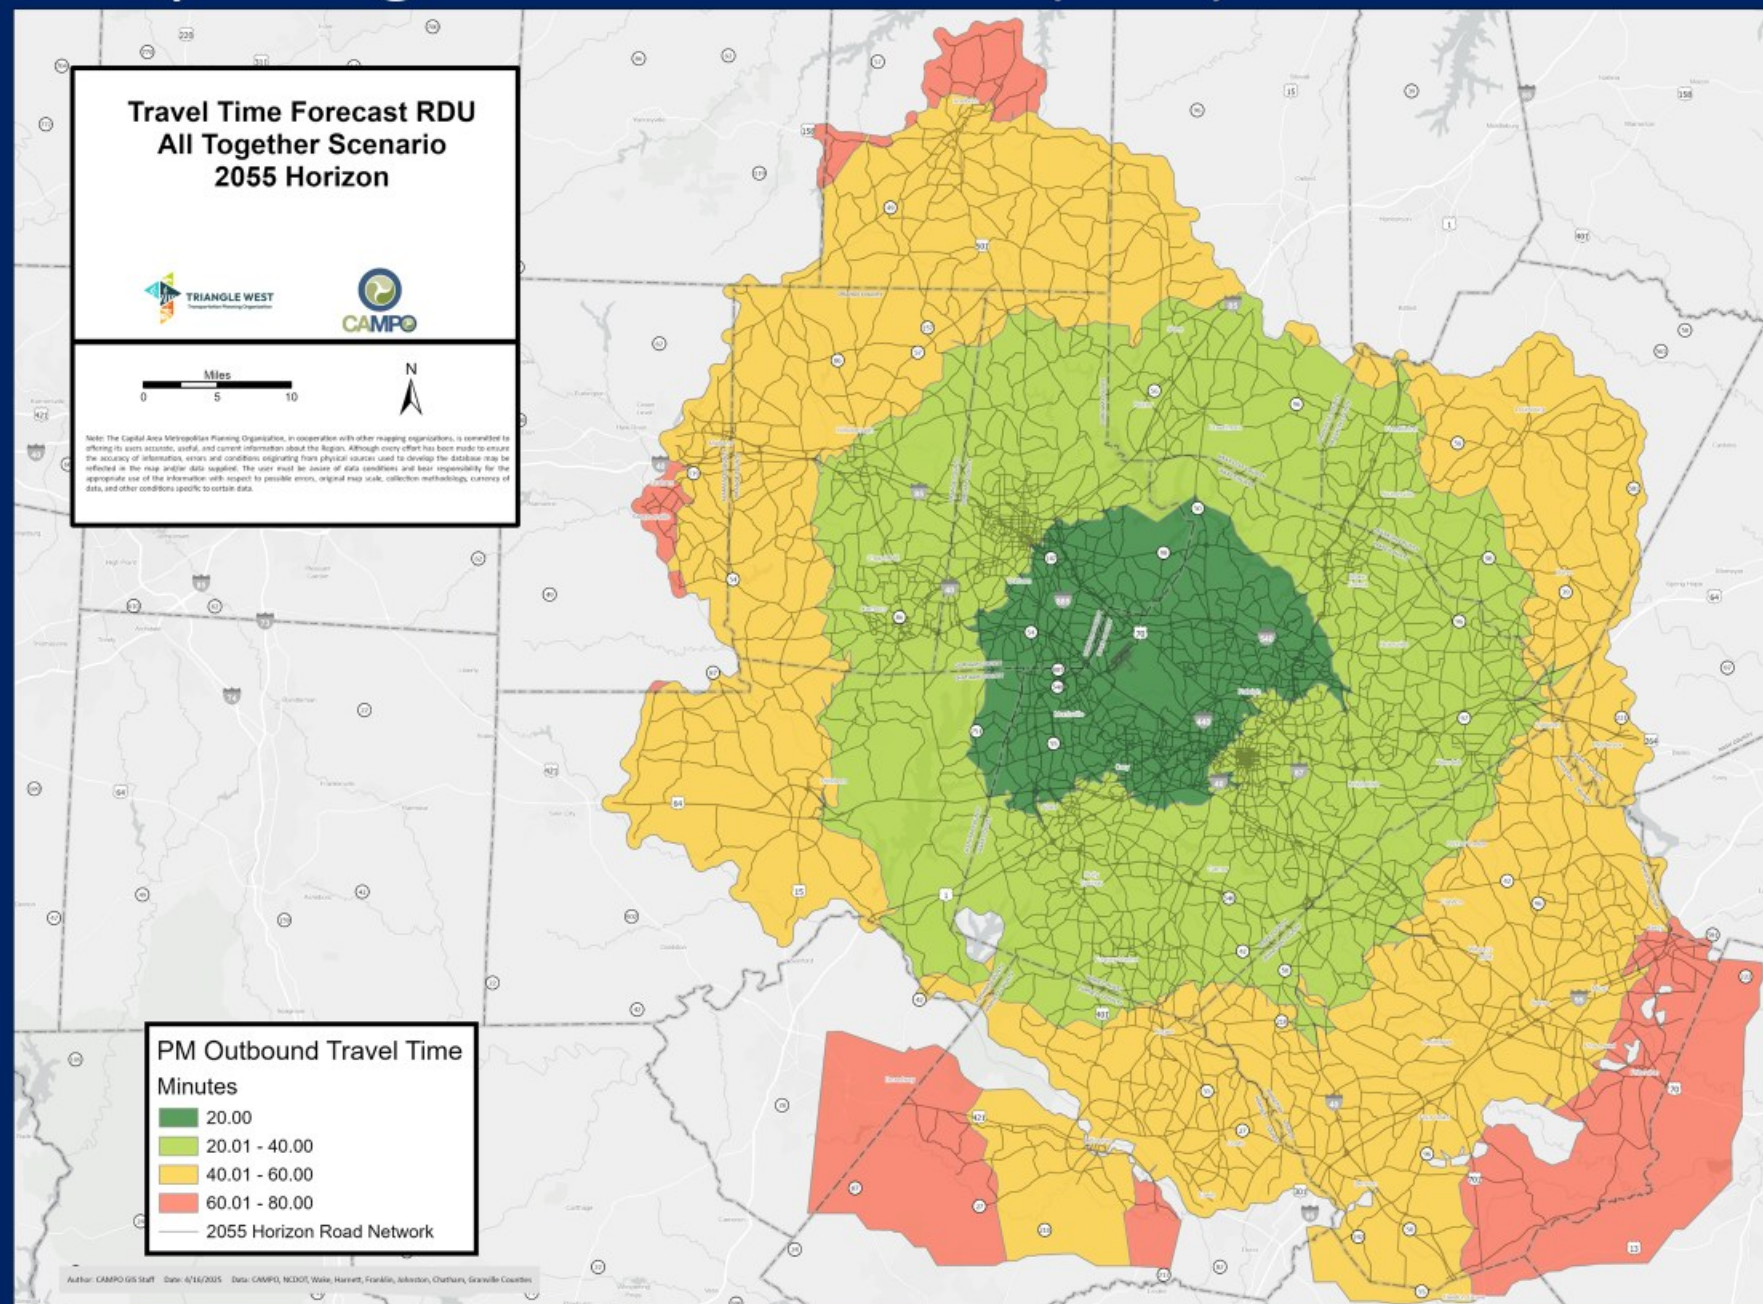

Destination	Approx. Time
RDU	20 min
Downtown Wake Forest	35 min
Downtown Knightdale	20 min
Downtown Holly Springs	35 min
Downtown Clayton	35 min

# Preliminary All Together & Travel Time (RDU)

Destination	Approx. Time
Downtown Raleigh	25 min
Downtown Wake Forest	35 min
Downtown Knightdale	35 min
Downtown Holly Springs	35 min
Downtown Clayton	45 min

# The Opportunity Places Development Foundation

-- a focus on important trip origins and destinations --

## *Opportunity Places Development Foundation*

*Mechanically derived – 4 main elements*

Community Plans is the starting point. Modified as follows:

1. Anchor institutions – increased asserted development
2. Mobility hubs – more intense, mixed use development in ~2 dozen places; largely at previously identified “activity centers” in CommunityViz
3. Frequent transit corridors (Travel Choice Neighborhoods) – TOD development on developable parcels
4. Affordable housing opportunity sites – asserted “LIHTC-like” projects on undeveloped public land through GIS-based criteria

# Alternatives Analysis

## All Together Scenario

### Major Roadway Investments

- Completion of Outer Loop
- Widening/Improving I-40, I-440, US 401, US 1, US 64, US 70, NC 42, NC 50, NC 54, NC 55, NC 98
- **Higher** level of secondary roadway investments in 2<sup>nd</sup> two decades  
*\*Requires additional revenue assumptions*

### Major Transit Investments

- Rail investment: Shared Leadership, plus expansion of "regional rail" in DCHC and outside Wake Co.
- BRT Infrastructure and Service in western Wake Co. corridor
- BRT Infrastructure and Service in Capital, New Bern, Wilmington, and Western/Chatham/NC 54 corridors
- BRT Infrastructure and Service in Harrison/Kildare Farm Rd. corridor
- BRT Infrastructure and Service to Midtown
- Continuation of WTP frequent bus network
- Community Funding Areas

## Pop. Growth

3.4 million in 2055

# Key Performance Measures

## 2055 MTP Alternative Scenarios

## Jobs Growth

2 million in 2055

In 2055...	DEFICIENCIES & NEEDS (BASELINE)	PLANS & TRENDS	SHARED LEADERSHIP	ALL TOGETHER
Avg Auto Commute Time - Triangle West	14.4 min	14.3 min	14.4 min	13.9 min
Avg Auto Commute Time - CAMPO	18.5 min	17.6 min	17.6 min	16.8 min
Delays: Daily Triangle West				
Delays: Daily CAMPO				
Adding Road Lane Miles (from 2020 Base) - Triangle West	2020	2020	2020	2020
Adding Road Lane Miles (from 2020 Base) - CAMPO	2020	2020	2020	2020
Transit Service Miles - Region	2020	2020	2020	2020
Transit Ridership Region				
Jobs near Transit - Triangle West	61%	65%	73%	77%
Jobs near Transit CAMPO	44%	63%	64%	68%
Reduction in GHG Emissions (from 2020 Base) - Region	2020  -40%	2020  -39%	2020  -39%	2020  -39%
Funding Required Region	\$	\$	\$	\$
Bike & Ped Investment - Region				
Development Density - Region				

# Connections to Community Input

	Deficiencies & Needs	Plans & Trends	Shared Leadership	All Together
Available Funding	\$	\$\$	\$\$\$	\$\$\$\$
Highway Investment		  	 	 
Bus Investment		 	 	  
BRT Investment			 	  
Rail Investment				 
Bike & Ped Investment	 	 	 	   
Development Density	 	 	 	  

The number of signs indicates a relative level—more signs suggest higher values and fewer suggest lower values. However, this scale is not linear; for example, two-dollar signs do not necessarily represent twice the investment of one-dollar sign.

**Roads:** Must have investments but should be *mixed* approach

**Transit:** Demand for *highest* level

**Bike/Ped:** Desire for *highest* level

**Development:** *Densify* more to limit sprawl, preserve land

## Support for Policies:

- Complete Streets
- Safety
- Inclusivity - Access, Cost to users
- Sustainability & Environment

# Scenario Framework

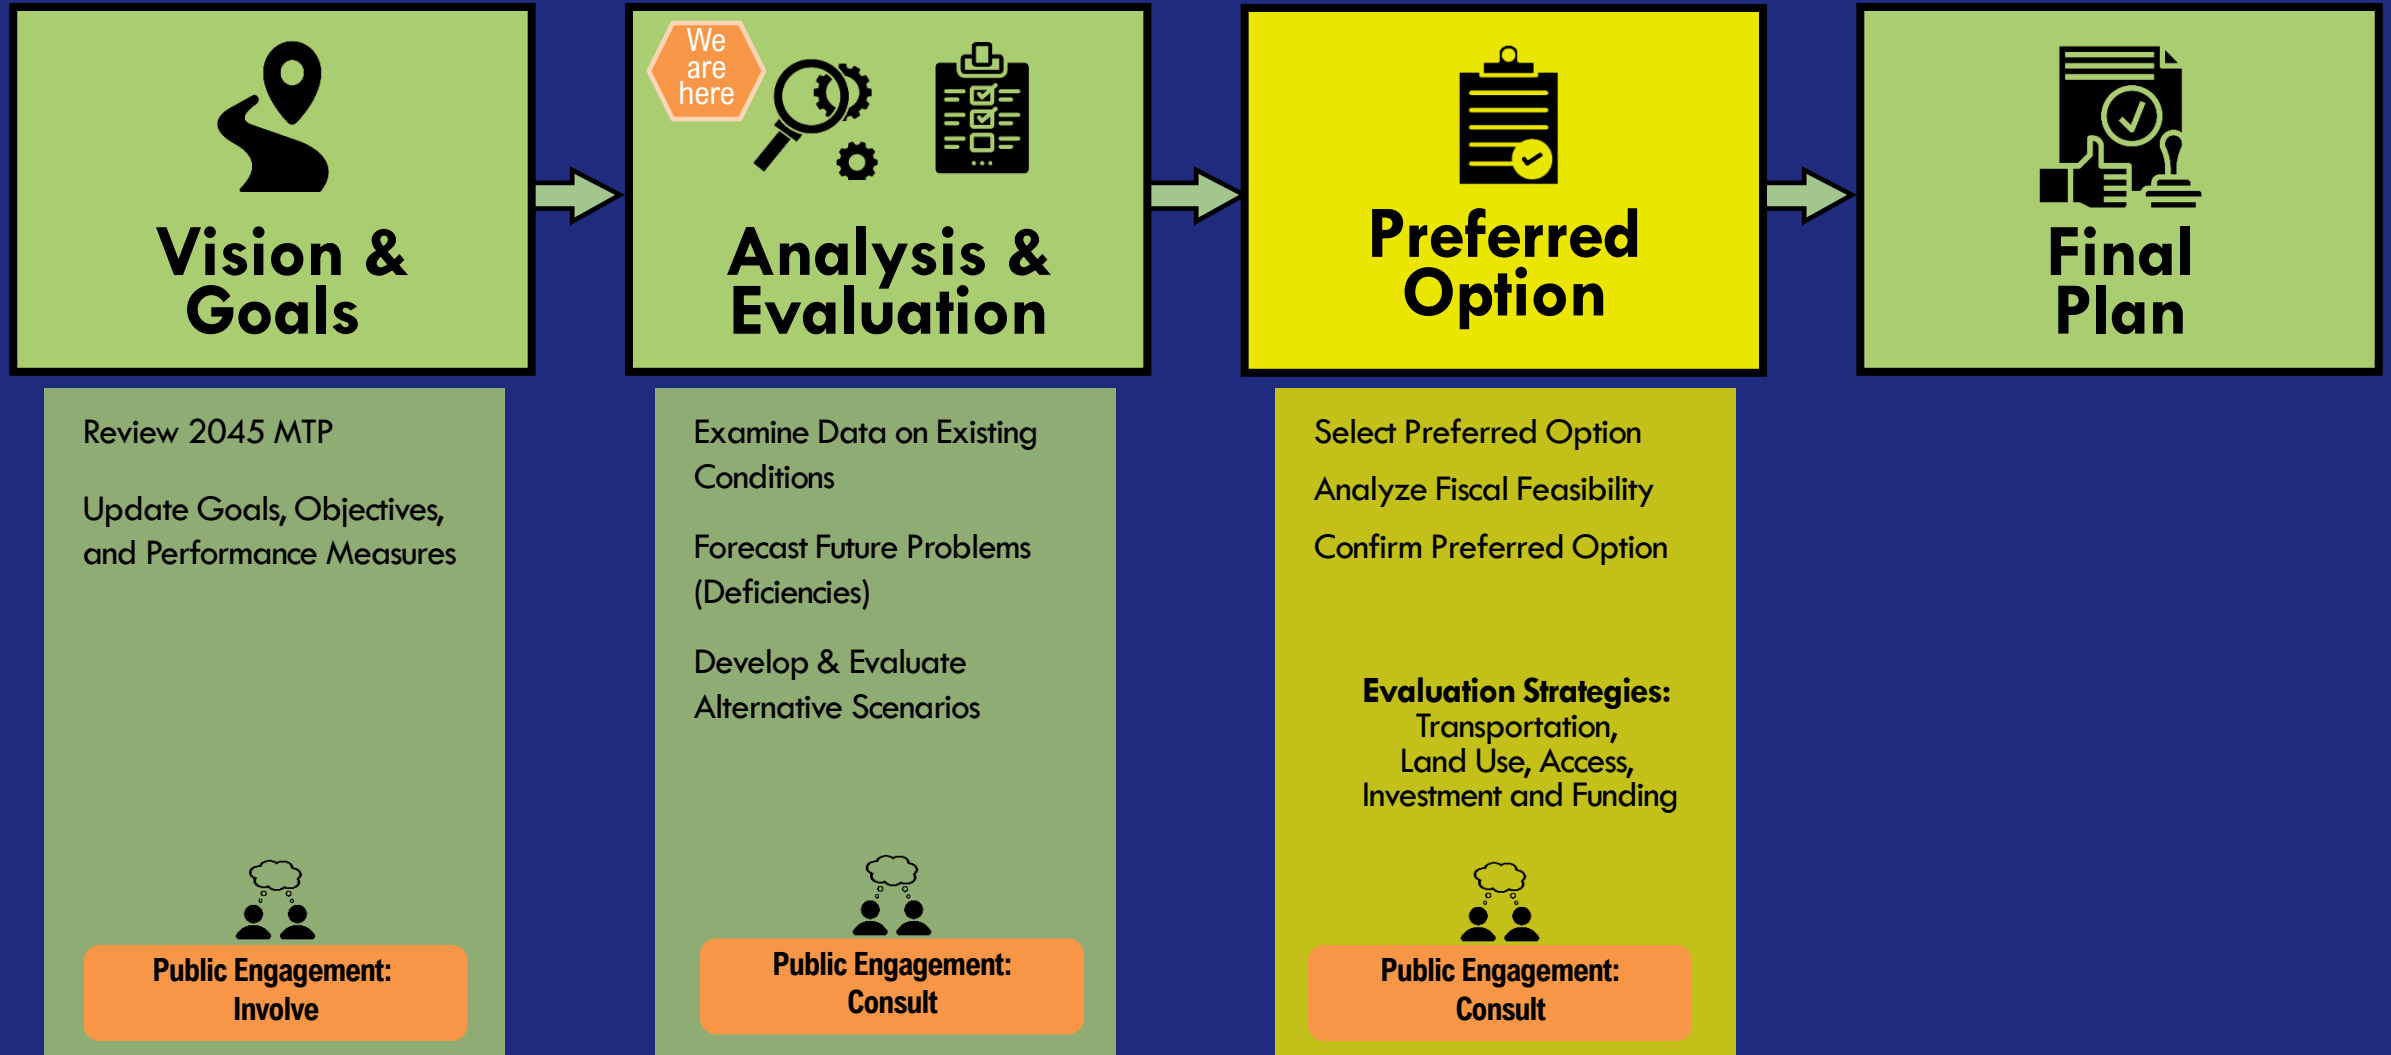

Four scenarios that match a development foundation with a mobility foundation

<b>Destination 2055 Scenario Framework</b>		<b>Mobility Investment Foundation</b>				
		 Existing & Committed	 Trend	 Mobility Corridors	 Complete Communities	 Unconstrained
<b>Development Foundation</b>	 Community Plans	 Deficiency & Needs Scenario	 Plans & Trends Scenario	 Shared Leadership Scenario		
	 Opportunity Places				 All Together Scenario	
	 Build Out					

*Note: moving from left to right, and from top to bottom, each scenario builds on the elements of the preceding scenarios.*

# MTP Update Process

The overall process to develop the MTP typically takes 18 months, or more. CAMPO updates the MTP on a 4-5 year cycle and is currently developing the 2055 MTP.

## 7.3 DRAFT 2055 MTP/CTP

Item	Anticipated Milestone Dates
Deficiency Analysis	January 2025
Alternatives Analysis Review	April- June 2025
Continued AA Review	Summer 2025
Revenue Forecast Updates	April - Aug. 2025
Preliminary Draft Financial Plan	Summer/Fall 2025
“Final” Draft Plan	Fall 2025
Public Hearing	Fall 2025
Adopt 2055 Plan	Fall 2025

**Requested Action:**  
**Receive as information.**

## 5.7 2055 MTP/CTP Update

### Requested Action:

**Receive as information. Consider action on a recommended Preferred Alternative to use in the next phase of the MTP development.**

## 5.8 Federal Certification Review

## 5.8 Federal Certification Review

Joint review by FHWA/FTA completed every four years

Review, evaluate, and certify the transportation planning process

Completed during spring of 2025 (prior review completed in 2021)

### Summary Findings:

- Three Commendations
- One Recommendation
- No Corrective Actions

*\*\* Full Certification Review report is available on CAMPO website*

**Requested Action:**  
**Receive as information.**

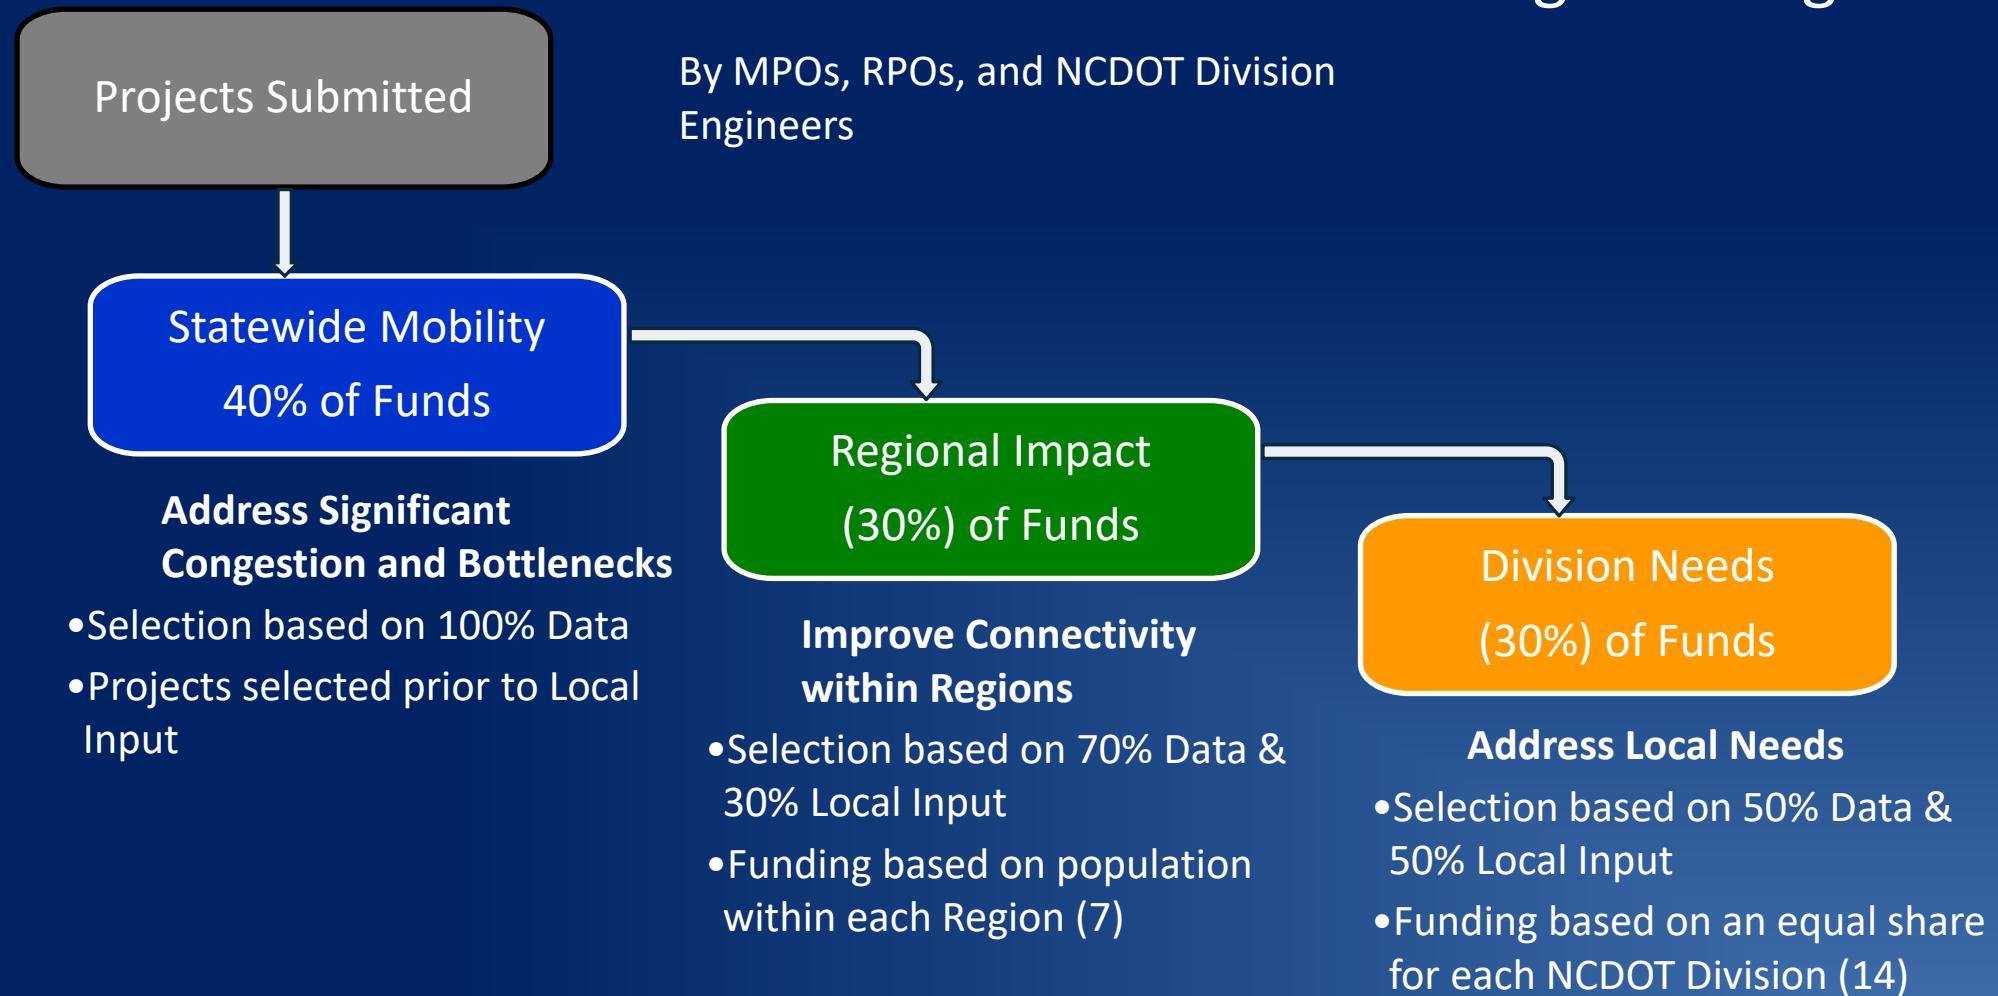

## 5.9 Prioritization 8.0 Modal Candidate Project Lists

# 2028-2037 TIP/STIP Development

## SPOT Actions - MPOs

1. Select Projects to Submit for Scoring  
(34 projects per mode) **September 2025**
2. Assign Local Input points
  - Regional Impact Points (2500 pts) **Sept/Oct 2026**
  - Division Needs Points (2500 pts) **Jan/March 2027**
3. Adopt TIP **summer 2027**

# STI Programming Process

# STIP Funding Distribution

## Statewide Mobility

### Programmed First

Interstate Maintenance  
Bridge Replacement  
Bridge Rehabilitation  
Highway Safety

## Regional Impact

### Programmed First

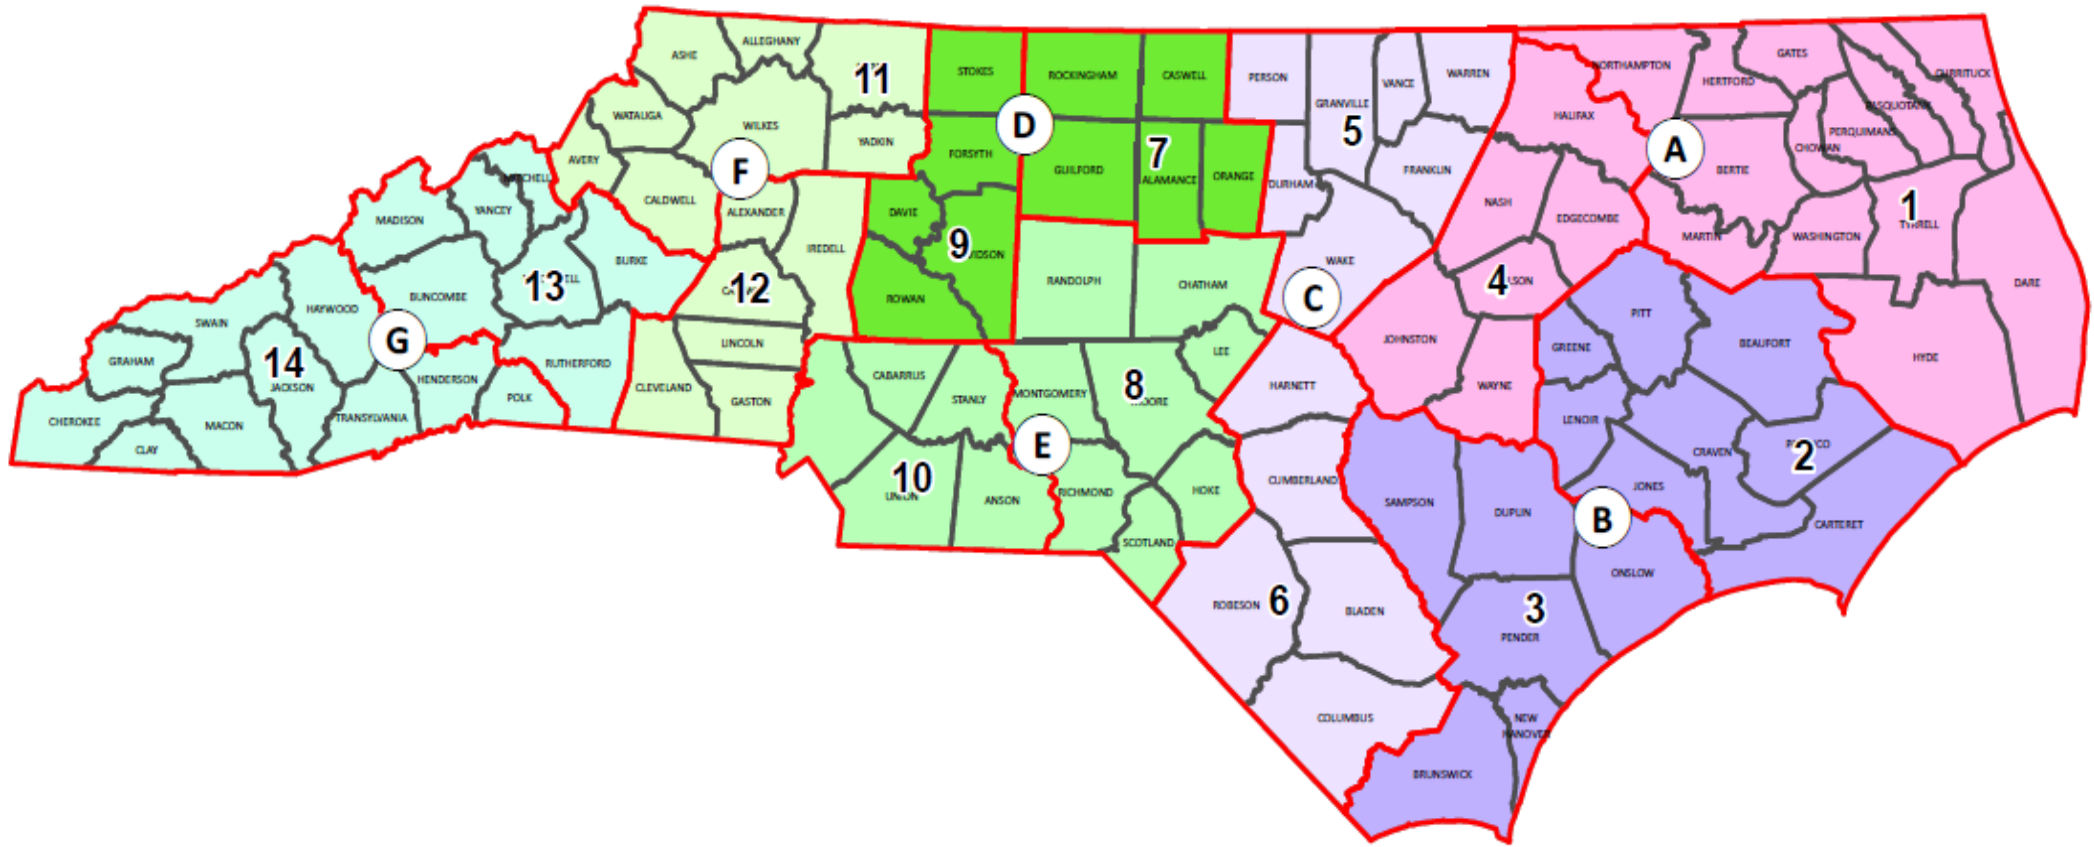

Bridge Replacement  
Bridge Rehabilitation  
Highway Safety

## Division Needs

### Programmed First

Bridge Replacement  
Bridge Rehabilitation  
Highway Safety  
MPO Direct Attributable  
Transportation Alternatives  
Highway-Rail Crossing  
Economic Development

# P8 Schedule

October 2024

## Next Steps

- Submit requests for: Bicycle/Pedestrian, Transit, & Aviation projects
  - Emails to follow
- MPO SPOT Subcommittee Meetings June/July
  - Meeting invites to follow
- Aug TCC / Executive Board – present draft project lists
- Public Comment – August 18<sup>th</sup> through September 16<sup>th</sup>
- Public Hearing – Executive Board mtg on September 17<sup>th</sup>
- Approve Project lists on September 17<sup>th</sup>
- Submit projects through SPOT Online by Sept 30<sup>th</sup>

## 5.9 Prioritization 8.0 Modal Candidate Project Lists

### Requested Action:

**Receive as information. Submit requested bicycle & pedestrian, public transit, and aviation projects to the MPO for consideration.**

## 5.10 Locally Administered Projects Program (LAPP) FFY2027 Target Modal Mix

## 5.10 FFY 2027 Locally Administered Projects Program (LAPP)

August 2025: Call for Projects for FFY 2027

Prior to a new project cycle, CAMPO staff meet with the LAPP Committee to discuss any proposed changes and review the Target Modal Investment Mix.

- **Equity Component in LAPP Scoring Criteria**
- **Accuracy of Project Cost Estimates**
- **Multi-Year Phasing/Programming**
- **Rolling Stock as eligible projects**
- **Target Modal Investment Mix**

## 5.10 FFY 2027 Locally Administered Projects Program (LAPP)

### **Equity Component in LAPP Scoring Criteria**

CAMPO Staff have tested equity criteria for the past two LAPP cycles. The original methodology and criteria was tested in FY 25 with an additional simplified methodology added in FY 26.

The LAPP committee did not reach consensus on selecting a methodology or if additional improvements were needed.

Furthermore, recent guidance from the Federal Government has stated that equity criteria should not be included in awarding federal funds for transportation projects.

## 5.10 FFY 2027 Locally Administered Projects Program (LAPP)

### **Equity Component in LAPP Scoring Criteria**

#### Staff Recommendation:

CAMPO staff and the LAPP committee recommend not including equity criteria into the project scoring for the FFY 27 cycle.

Instead, CAMPO staff will continue to research best practices and investigate ways to improve scoring. Staff will continue to monitor how submitted projects would be impacted if equity criteria were included and report findings.

## 5.10 FFY 2027 Locally Administered Projects Program (LAPP)

### **Accuracy of Cost Estimates**

Due to an increase in additional funding requests over the past several years, CAMPO had previously recommended increasing the required contingency on submitted projects.

MPO members requested CAMPO provide a cost estimate tool to assist with preparing more accurate project estimates.

#### **Staff Recommendation:**

CAMPO staff recommend including a cost estimate template provided by NCDOT in the FFY27 cycle.

## 5.10 FFY 2027 Locally Administered Projects Program (LAPP)

### **Multi-Year Phasing/Programming**

CAMPO staff were asked to further explore options for a multi-year phasing approach for LAPP in the hopes it would lessen burdens for applicants and potentially reduce project delays and expense.

CAMPO staff remain concerned about how multi-year awards could result in a significant backlog of unobligated funds when project delays occur.

#### **Staff Recommendation:**

CAMPO staff recommend no changes related to multi-year phasing/programming for the FFY27 cycle. Instead, CAMPO staff will work with NCDOT to develop a Design-Build project submittal options for consideration in FFY28

## 5.10 FFY 2027 Locally Administered Projects Program (LAPP)

### **Rolling Stock as eligible projects**

A request was made to reconsider allowing transit agencies to submit projects for rolling stock. It was suggested this would help protect funds from recission since rolling stock projects could be obligated immediately.

LAPP program does not allow applicants to submit projects for public transit vehicles. However, the LAPP program does allow for any unobligated funds to be flexed over to public transit agencies as a last resort to project funds from recission. Flexed funds have been allowed to purchase vehicles.

#### **Staff Recommendation:**

CAMPO staff and LAPP committee recommend no changes to the LAPP program related to rolling stock for FFY27.

## 5.10 FFY 2027 Locally Administered Projects Program (LAPP)

### Target Modal Investment Mix

FFY 2027 Recommended Target Modal Investment Mix

## 5.10 Locally Administered Projects Program (LAPP) FFY2027 Target Modal Mix

- Public Review & Comment June 6<sup>th</sup> – August 19<sup>th</sup>
- TCC Recommendation August 7<sup>th</sup>
- Public Hearing August 20<sup>th</sup>
- Executive Board Approval, One Call for All – August 20<sup>th</sup>

**Requested Action:**  
**Receive as information.**

## 5.11 2050 Metropolitan Transportation Plan Amendment #2 & Air Quality Conformity Determination Report & FY2026-2035 Transportation Improvement Program (TIP)

- MTP Amendments based on Project Schedules
  - NCDOT's Draft FY2026-2035 STIP
  - Executive Board action on Tolling US 1 (U-5307)
- Air Quality Conformity is a federal requirement for MTPs and TIPs

## 5.11 2050 Metropolitan Transportation Plan Amendment #2 & Air Quality Conformity Determination Report & FY2026-2035 Transportation Improvement Program (TIP)

CAMPO's FY2026-2035 Transportation Improvement Program

Public Comment – June through August 19<sup>th</sup>

Public Hearing – Executive Board mtg on August 20<sup>th</sup>

**Requested Action:**  
**Receive as information.**

## 5.12 Network Analyst - TRMG2v3 2025 Base Year

Triangle Regional Model team is developing a new 2025 base year network to inform the TRMG2 version 3 model in development of the 2060 MTP.

Central Pines Regional Council has developed an ArcGIS Online application “Network Analyst” to allow local staff to review and comment on the network.

CPRC has developed an updated user manual for Network Analyst.

## 5.12 Network Analyst - TRMG2v3 2025 Base Year

Review Period: June – August 2025
