

Public Engagement Update

Looking Forward – February 2022

Public Notices & Comment Periods (CAMPO)

Item	Req'd # of days	Public Comment Period & Public Hearing
<i>Executive Board Action in February</i>		
2050 MTP/CTP and Air Quality Conformity Determination Final Approval	42	Public Comment: Jan 5 to Feb 15 Public Hearing: Jan. 19
Unified Planning Work Program (UPWP) & MPO Self-Certification – FY 2023 - Draft	30	Public Comment: Jan. 14 to Feb. 15 Public Hearing: Feb. 16
Safety Performance Measures and Targets - 2022	30	Public Comment: Jan. 14 to Feb. 15 Public Hearing: None
Wake Transit Annual Work Program - FY 2022 - Q3 Amendments	30	Public Comment: Dec. 10 to Jan 9 Public Hearing: None
Locally Administered Projects Program Investments for FFY 2023	30	Public Comment: Jan. 14 to Feb. 15 Public Hearing: Feb. 16
Transportation Improvement Program - FY20-29 - Amendment #7	30	Public Comment: Jan. 14 to Feb. 15 Public Hearing: Feb. 16

As the pandemic continues to constrain public engagement activities that are in-person, added attention has been given to digital engagement, increasing focus on social media platforms, and a reliance on non-traditional means to connect with both the general public and traditionally underengaged populations. In order to continue moving projects and studies forward, the MPO will need to place additional emphasis on the active support of TCC and Executive Board members, as well as project stakeholder and technical teams in spreading the word about these engagement opportunities. *Please encourage your communications experts to help amplify these messages – thank you!*

CAMPO Projects – Public Engagement Updates

2050 MTP Final Plan Report

<https://www.campo-nc.us/transportation-plan/2050-metropolitan-transportation-plan-mtp>

On December 8, 2021, the Executive Board approved the 2050 Metropolitan Transportation Plan

projects and programs. The [Air Quality Conformity Determination Report](#) for the 2050 MTP has also been released for public review and comment. The Final 2050 MTP approval includes: the socioeconomic data; the previously approved 2050 MTP/CTP projects and financial plan; goals; objectives; performance measures and targets; the air quality conformity determination; the full plan report; and the Triangle Regional Model. The full plan report was released for public review and comment in early January, with a public hearing on January 19, 2022 and consideration of adoption by the Executive Board on February 16, 2022.

U.S. 401 Corridor Study:

<https://www.US401CorridorStudy.com>

The project team is now in the third phase of the study – Developing a Preferred Alternative. A public engagement summary report for the second phase has been developed and distributed to the Core Technical Team. At the December 8, 2021 Executive Board meeting, a motion was approved to evaluate potential alternative options for the Future U.S. 401 (bypass) that are further to the south and/or east. CAMPO staff are working with the consultant team to conduct this analysis, which is anticipated to take at least a couple of months. Plans for the third phase of public engagement for the study are now being adjusted to ensure communication about the additional analysis is distributed at the same time as the third phase of engagement. Public engagement was previously scheduled for March of 2022 and, while that will be delayed, it is still anticipated to occur in the Spring. The goals for the third phase of engagement are for members of the public to review and comment on the refined recommendations (preferred alternative). For the public meeting (probably an open house format), the project team is also exploring including space for other area transportation projects currently in project development with NCDOT and also local jurisdictions in the study area in order to combine public engagement opportunities. More will be shared in this public engagement update as those plans develop further.

Triangle Bikeway Implementation Study:

<http://trianglebikeway.com/>

A final report is currently under review and, therefore, one final round of public engagement – informational - on the final report of recommendations is also being planned. A public review and comment period is likely to occur in March/April. More will be shared in this public engagement update as those plans develop further.

Mobility Management Program Implementation Study

This study is in its first phase, which includes the development of a public and stakeholders engagement plan. The plan is anticipated to include both engagement of key stakeholders, existing and potential users/customers affected by the program, and the broader public. While the plan is still being developed for all phases of the project, the first phase of stakeholder engagement has begun in the meantime. Throughout February, members of the project team will be sharing a kickoff/introductory presentation about the study with partners and key stakeholder officials.

Draft FY 2023 Wake Transit Work Plan Development

<https://goforwardnc.org/wakeinput/>

The **Initial Draft** of the FY 23 Work Plan is anticipated to be released **by the TPAC** for public comment on February 9th. Following consideration of the public input and additional analysis by the TPAC members, the committee will submit a Recommended FY 23 Work Plan to CAMPO and GoTriangle for approval. **CAMPO will then host a public comment period and hearing as part of Exec. Board consideration.**

General Communications:

CAMPO continues to be active on [Facebook](#), [Twitter](#), [Instagram](#), and [LinkedIn](#). In addition, a quarterly email newsletter is sent to the MPO's general email distribution list consisting of over 1,200 people. The next newsletter is slated to be sent in February.

Public Engagement Planning (CAMPO)

CAMPO staff are actively engaged with public and stakeholder engagement planning for the following projects/studies. This is in addition to typical technical analysis, reviews, and engagement as key stakeholders for member organization projects (i.e. SPOT process, STIP/TIP project development, local Comprehensive Transportation Plans and transportation studies).

More information can be found in the Project Updates report.

- CAMPO's Strategic Plan Update
- Southeast Area Study Update (*starting early 2022*)
- FY 22 Hot Spots (*starting in Feb 2022*)

- Non-Motorized Volume Data Program
- Western Wake Traffic Signal System Integration Study
- Mobility Management Committees & Implementation
- Safe Routes to Schools – Road Safety Audits
- Commuter Rail Studies
- Bus Rapid Transit Projects and Studies
- Wake Transit Programs and Projects

IAP2 Spectrum of Public Participation

IAP2's Spectrum of Public Participation was designed to assist with the selection of the level of participation that defines the public's role in any public participation process. The Spectrum is used internationally, and it is found in public participation plans around the world.

INCREASING IMPACT ON THE DECISION 					
	INFORM	CONSULT	INVOLVE	COLLABORATE	EMPOWER
PUBLIC PARTICIPATION GOAL	To provide the public with balanced and objective information to assist them in understanding the problem, alternatives, opportunities and/or solutions.	To obtain public feedback on analysis, alternatives and/or decisions.	To work directly with the public throughout the process to ensure that public concerns and aspirations are consistently understood and considered.	To partner with the public in each aspect of the decision including the development of alternatives and the identification of the preferred solution.	To place final decision making in the hands of the public.
PROMISE TO THE PUBLIC	We will keep you informed.	We will keep you informed, listen to and acknowledge concerns and aspirations, and provide feedback on how public input influenced the decision.	We will work with you to ensure that your concerns and aspirations are directly reflected in the alternatives developed and provide feedback on how public input influenced the decision.	We will look to you for advice and innovation in formulating solutions and incorporate your advice and recommendations into the decisions to the maximum extent possible.	We will implement what you decide.
