Recommended 2035 Wake Transit Plan Update
Ben Howell, MPO Staff

The Recommended 2035 Wake Transit Plan, guiding transit investments in Wake County for the next 10 years, has been completed by the consultant and was considered by the TPAC at its meeting on August 28, 2025. Included in the Plan are several appendices, including a Market Analysis, Engagement Summary (which will be completed following the final engagement period for the Plan after adoption), an update to the Community Funding Area Program Management Plan, new Microtransit Guidelines and an update to the Project Prioritization Guidance; the Community Funding Area Program Management Plan, the Microtransit Guidelines and the Project Prioritization Guidelines were all considered separately by the TPAC at its August 28, 2025, meeting and will not need further action. The TPAC took action on a recommendation for adoption of the Plan and released it for a 30-day public comment period from September 5 through October 5, 2025. A Joint Public Hearing on the Plan will be held by the GoTriangle Board of Trustees and the CAMPO Executive Board (the Wake Transit Governing Boards) at the CAMPO Executive Board meeting on September 17, 2025. The TCC will receive a presentation of the engagement summary and be asked to recommend the Plan for adoption at their meeting in November. The Wake Transit Governing Boards are expected to take action on adoption of the Plan at their respective meetings in November 2025.

Requested Action: Receive as information.
