### 2050 MTP Data Inputs

Alex Rickard, CAMPO Staff

The MPO is in the beginning stages of developing the 2050 MTP. One of the first tasks is to develop the primary datasets used to create base conditions and future socio-economic data. MPO staff will provide an overview of the 2050 MTP development schedule and introduce new technologies available for TCC members and local staff in reviewing and updating roadway and transit networks, current employment, and future land use through CommunityViz and ArcGIS Online.
