### FY2021 Locally Administered Projects Program

Gretchen Vetter, CAMPO Staff

As part of the LAPP Program, an annual modal investment mix is established to guide how available LAPP funding is programmed to meet the variety of needs in our region's multi-modal transportation network. Federal legislation provides for the continuation of federal transportation funds directly attributable to the Capital Area MPO. Additionally, the MPO receives an allocation from the Congestion Mitigation and Air Quality (CMAQ) which is appropriated to the State of North Carolina. These federal sources will be incorporated into the funding program for FFY 2021.

Staff has released the FFY 2021 Target Modal Investment Mix and the Recommended Changes to the FFY 2021 LAPP Program for public review and comment from June 10th through July 15th, 2019 and a public hearing is scheduled for the regular Executive Board meeting on August 21st, 2019.

**Requested Action:** Conduct a Public Hearing. Consider approval of proposed changes and target modal investment mix for the FY2021 Locally Administered Projects Program. Consider opening One Call for All Projects through October 31, 2019.
