9/2/2021	1	Technical Coordinating Committee	received as information	

### Launch of the Wake Transit Performance Tracker

Stephanie Plancich, CAMPO Staff

The Wake Transit Performance Tracker is being launched for full community use in September 2021. This online, informational resource provides a one-stop location for users to view Wake Transit program performance and project investment information. The two core components of the site, [WakeTransitTracker.com](http://WakeTransitTracker.com), include:

1. Interactive project map that will put the investment information contained in the annual Wake Transit Work Plan into a visual, searchable format. Users will be able to see detailed information on Wake Transit-funded service and infrastructure projects that have been completed, are underway or are planned for future years.
2. Graphic-driven dashboard that will display progress toward reaching Wake Transit program goals. The elements of the dashboard are intended to reflect goals and objectives set in the Wake Transit Plan, Wake Bus Plan and other adopted materials.

CAMPO staff will provide an overview of the Wake Transit Performance Tracker at the Executive Board's September 15<sup>th</sup> regular meeting. A copy of the community launch notice is provided with this item as **Attachment A**.

**Requested Action:** Receive as information.
